## 01. design

# assertive suv design

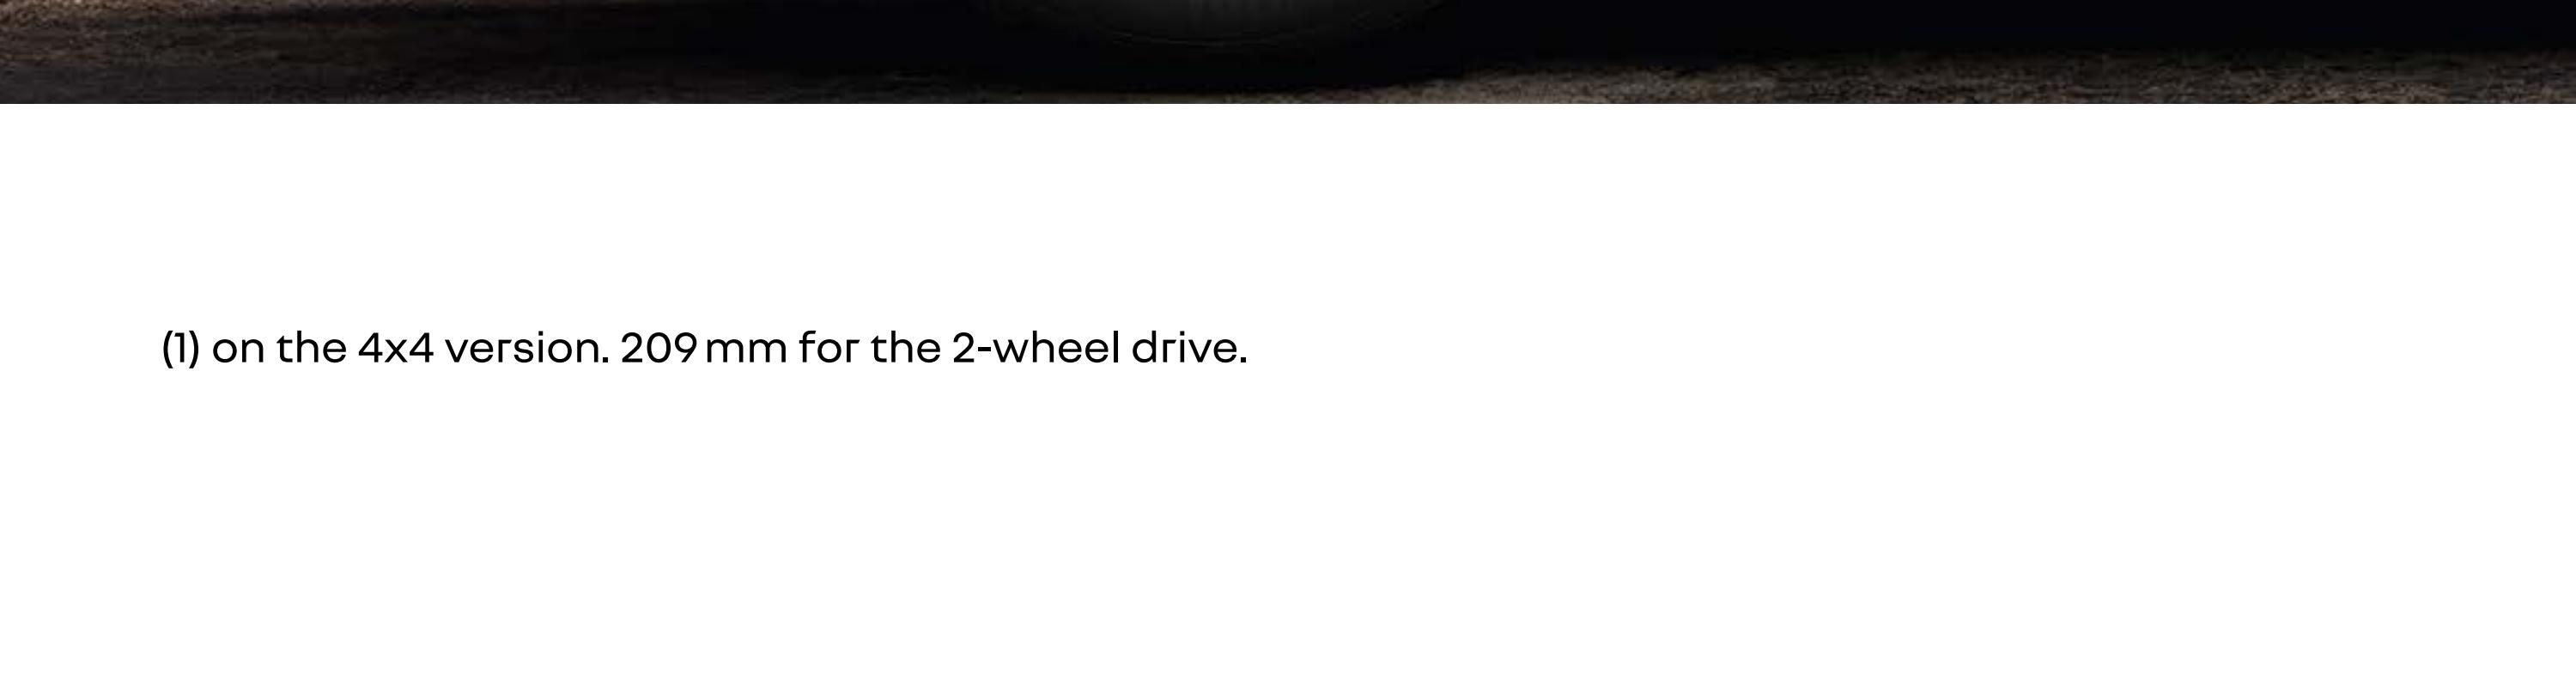

**A strong identity with its Renault branded grille, a bold silhouette adorned with protective materials, 18" diamond cut alloy wheels and enhancing wheels. Power combines with elegance in a unique way.**

**The rear adopts a powerful style centered around new Renault emblem. Its assertive light signature and roof spoiler underline its dynamic character.**

**Designed to venture off the beaten path, new Renault Duster adopts side protections and wheel arches that prioritize recycled materials. The high ground clearance of 217 mm<sup>(1)</sup> asserts its sporty SUV personality.**

<sup>(1)</sup> on the 4x4 version. 209 mm for the 2-wheel drive.

## 01. design

# functional and comfortable interior

**For optimal comfort, the spaciously redesigned cabin features a driver-oriented cockpit with a 10.1" multimedia touchscreen located in the field of vision, a 7" digital colour cluster and a high console for easy access to the e-shifter. The ergonomic multifunction steering wheel gives you the ability to control digital features with a single finger without taking your eyes off the road.**

**A dashboard design firmly anchored in the present with its ergonomic height, dynamic angles, and Renault-branded vents.**

**Contemporary style and support of the seats. Thanks to upholstery details created for your well-being, you feel right at home.**

## 02. driving experience

# E-Tech full hybrid engine

**E-Tech  
full hybrid  
145 hp**

**up to  
80%  
electric driving  
in the city<sup>(1)</sup>**

**up to  
60 km/h  
in electric driving<sup>(1)</sup>**

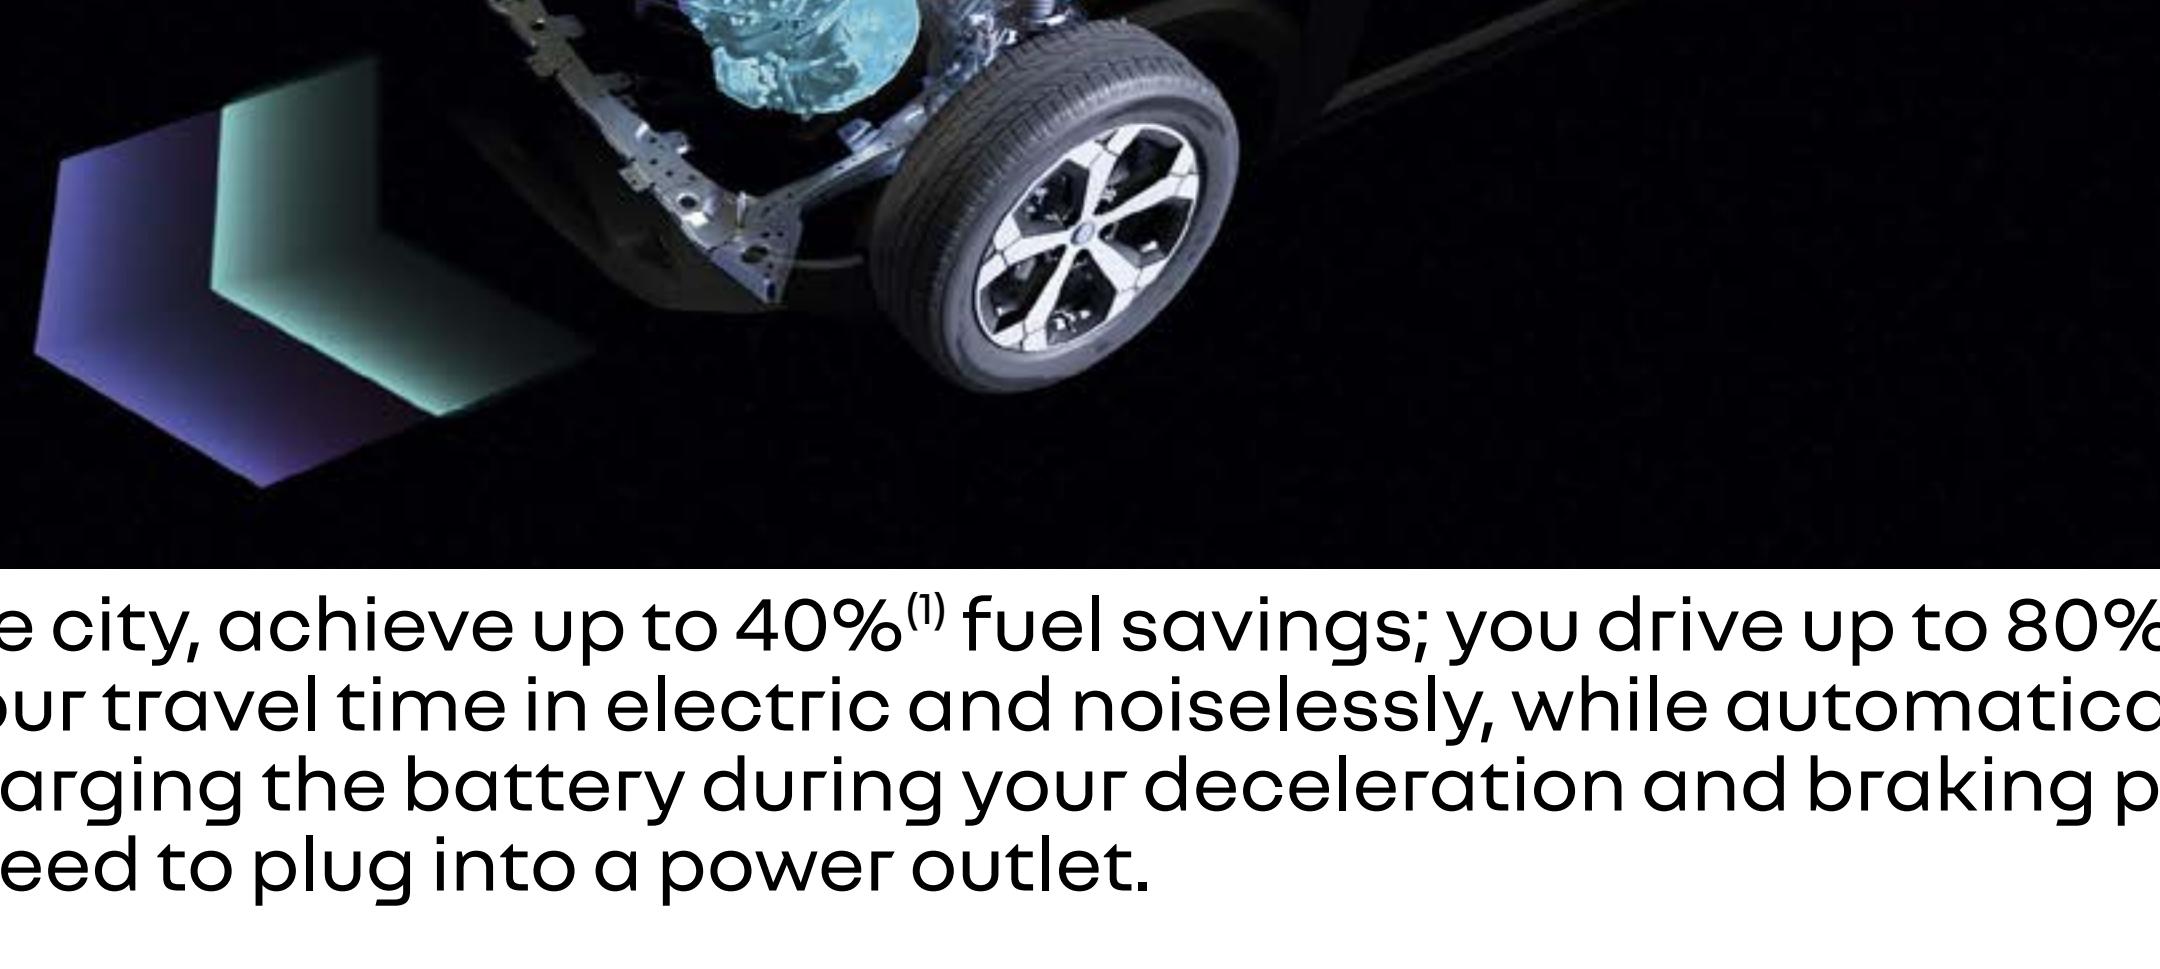

**up to  
980 km  
range<sup>(2)</sup>**

**from  
5 L/100 km<sup>(3)</sup>  
consumption<sup>(4)</sup>**

**from  
110.9 g/km<sup>(3)</sup>  
of CO<sub>2</sub> emissions<sup>(4)</sup>**

**The E-Tech full hybrid 145 hp engine makes the car a pleasure to drive. Start-ups are always electric, accelerations are brisk and dynamic. Silence, responsiveness, agility, whether you're driving in the city or on the open road.**

in the city, achieve up to 40%<sup>(1)</sup> fuel savings; you drive up to 80%<sup>(1)</sup> of your travel time in electric and noiselessly, while automatically recharging the battery during your deceleration and braking phases. No need to plug into a power outlet.

(1) depending on the battery's state of charge and driving style / internal Renault source WLTP mix 2023. (2) for E-Tech full hybrid, in WLTP cycle with a full tank of gas according to WLTP data. (3) according to WLTP data, values starting from 5 L/100 km of consumption and from 110.9 g/km of CO<sub>2</sub> emissions / source UTAC / 2023. (4) for an E-Tech full hybrid powertrain compared to a mild hybrid auto powertrain, according to WLTC City data / source UTAC & IDIADA / 2023.

## 02. driving experience

# mild hybrid advanced 4x4 130 hp

up to  
**933 km**  
range<sup>(1)</sup>

from  
**5.9 L/100 km**  
consumption

from  
**133.4 g/km**  
of CO<sub>2</sub> emissions

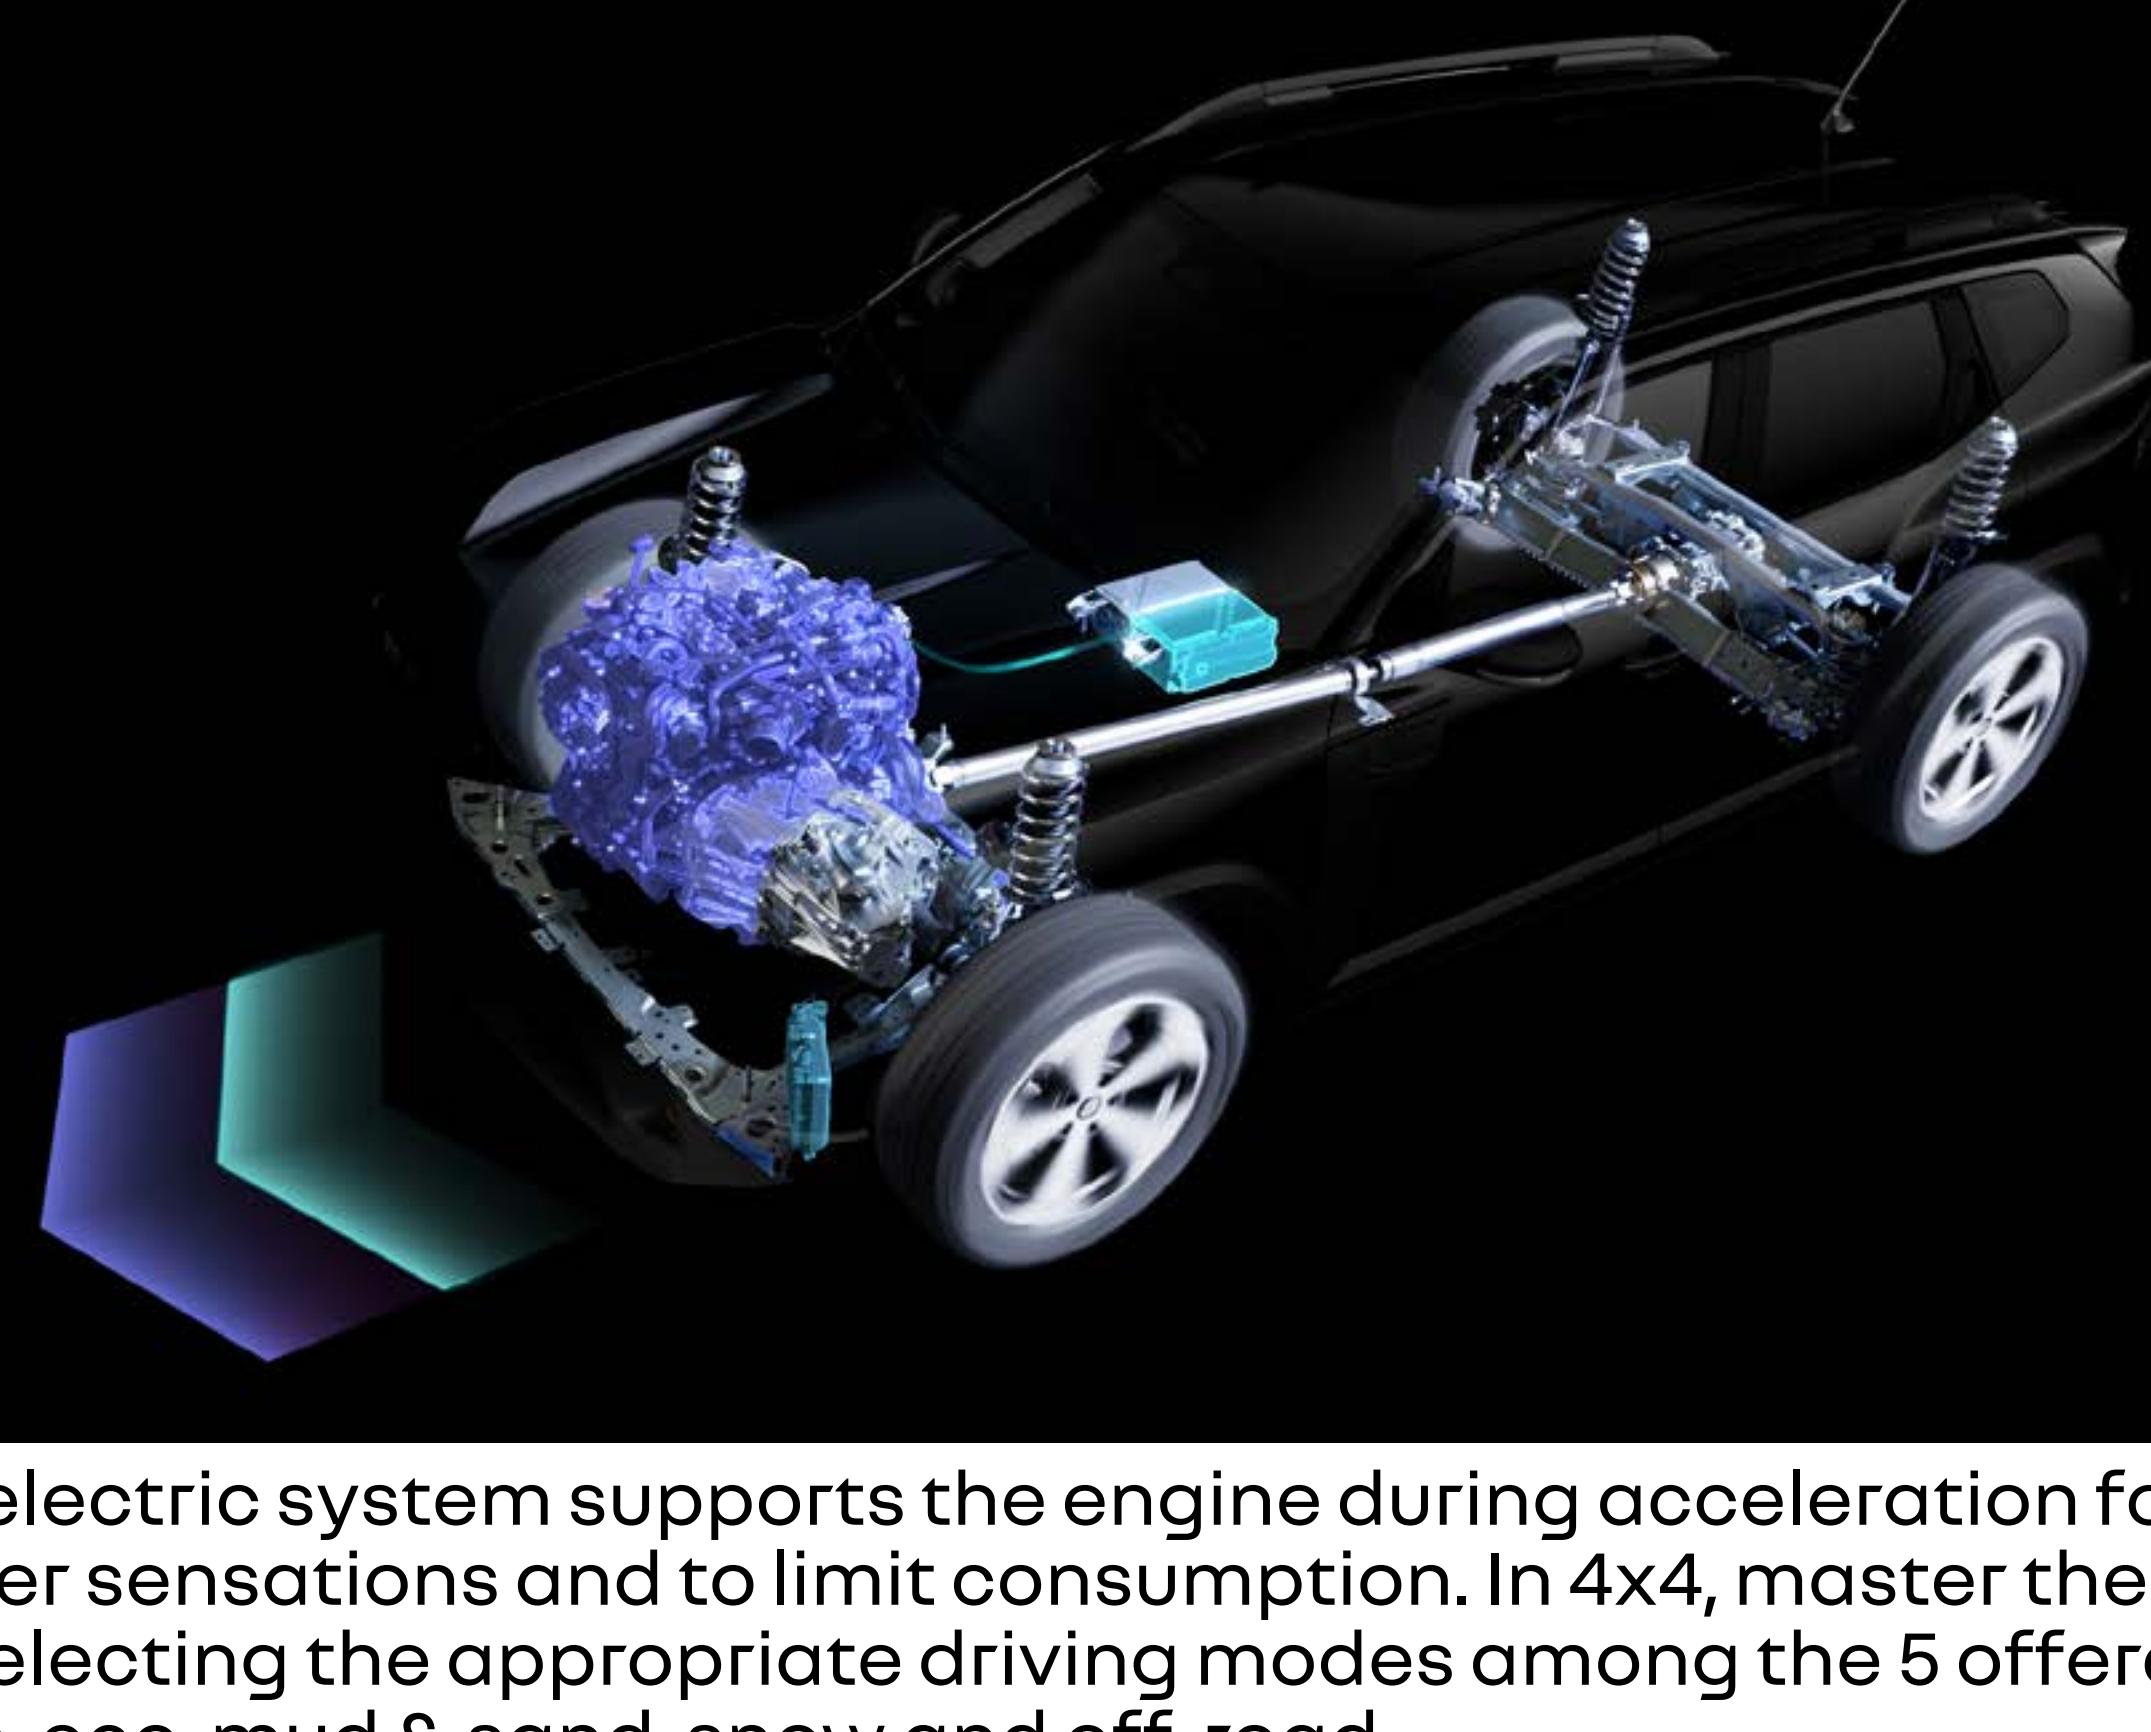

The 130 hp mild hybrid engine delivers an enjoyable driving experience.

The start-ups are always in electric mode, and the accelerations remain lively and dynamic.

The 130 hp mild hybrid engine delivers an enjoyable driving experience.

The start-ups are always in electric mode, and the accelerations remain lively and dynamic.

the electric system supports the engine during acceleration for better sensations and to limit consumption. In 4x4, master the terrain by selecting the appropriate driving modes among the 5 offered: auto, eco, mud & sand, snow and off-road.

<sup>(1)</sup> with a full tank of gasoline according to WLTP data.

## Eco-G engine

**New Renault Duster is also available in Eco-G 100 hp dual-fuel petrol and LPG engines, which allows you to benefit from over 1,300 km<sup>(1)</sup> of range (WLTP). With this, you can save up to 60%<sup>(2)</sup> more fuel and reduce your CO<sub>2</sub> emissions by 10%<sup>(2)</sup> compared to an equivalent petrol engine.**

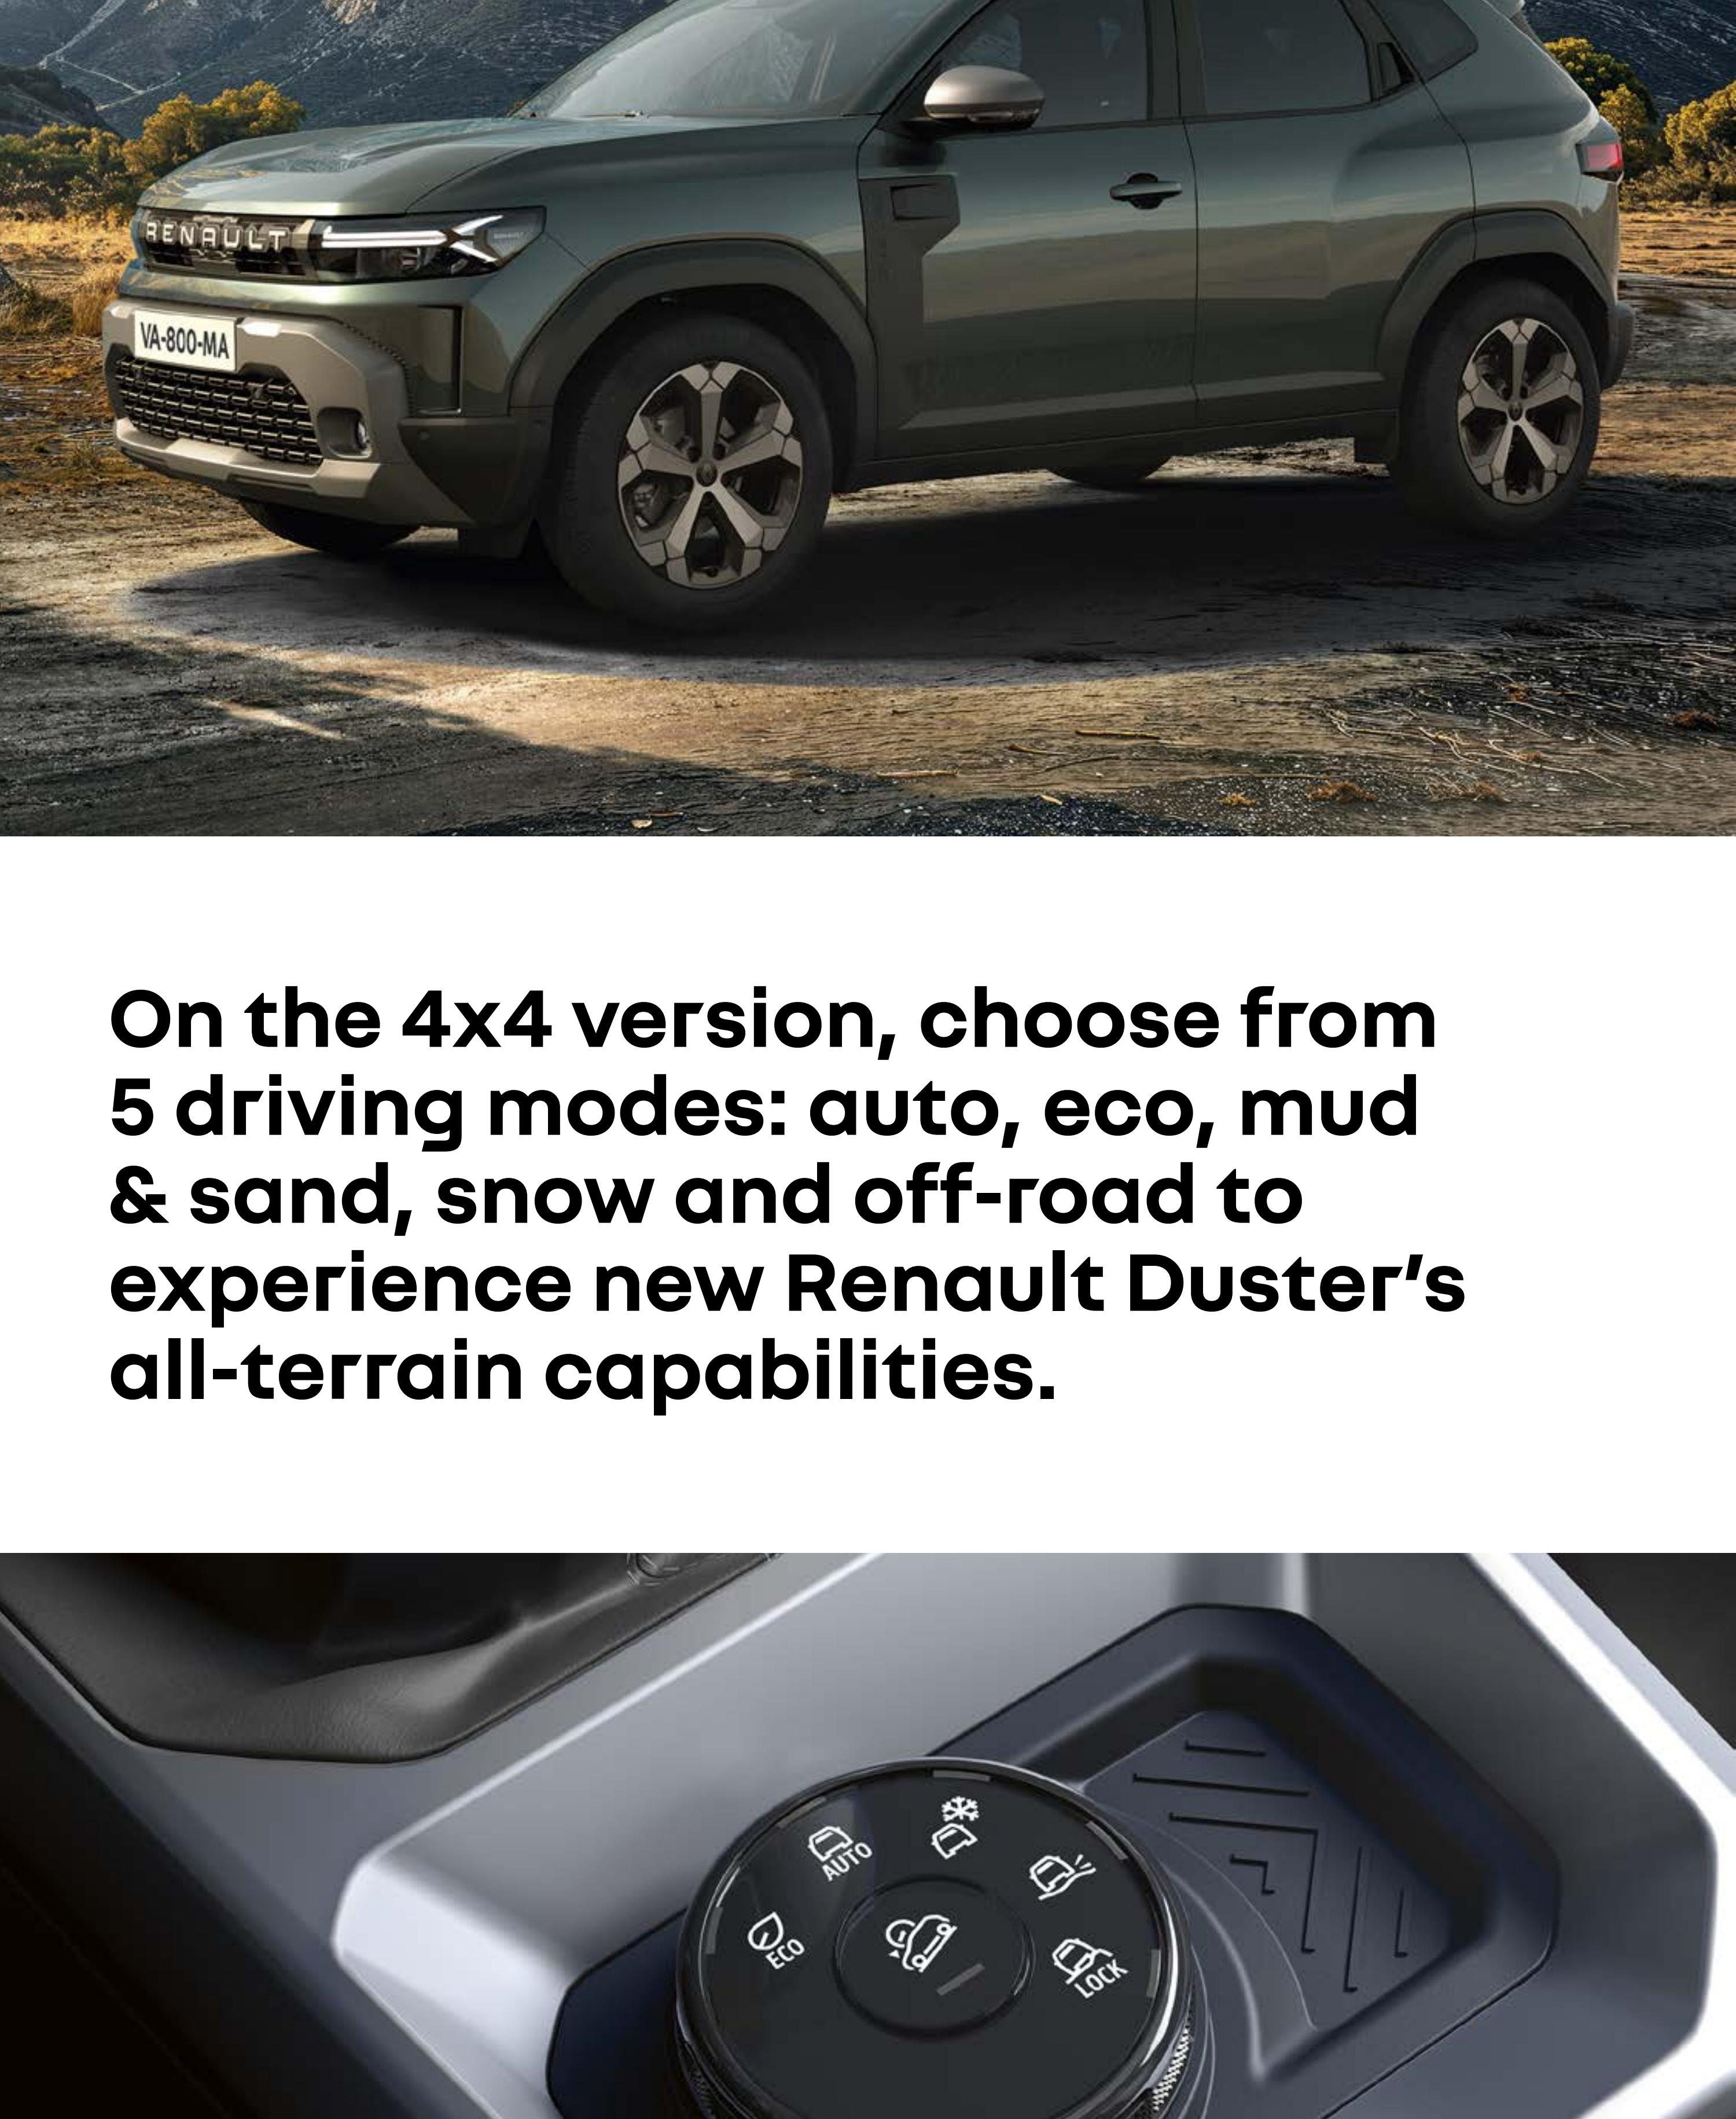

(1) according to WLTP protocol, may vary according to version and option. (2) in comparison with a petrol engine and varying according to driving style, according to WLTP urban protocol, March 2023.

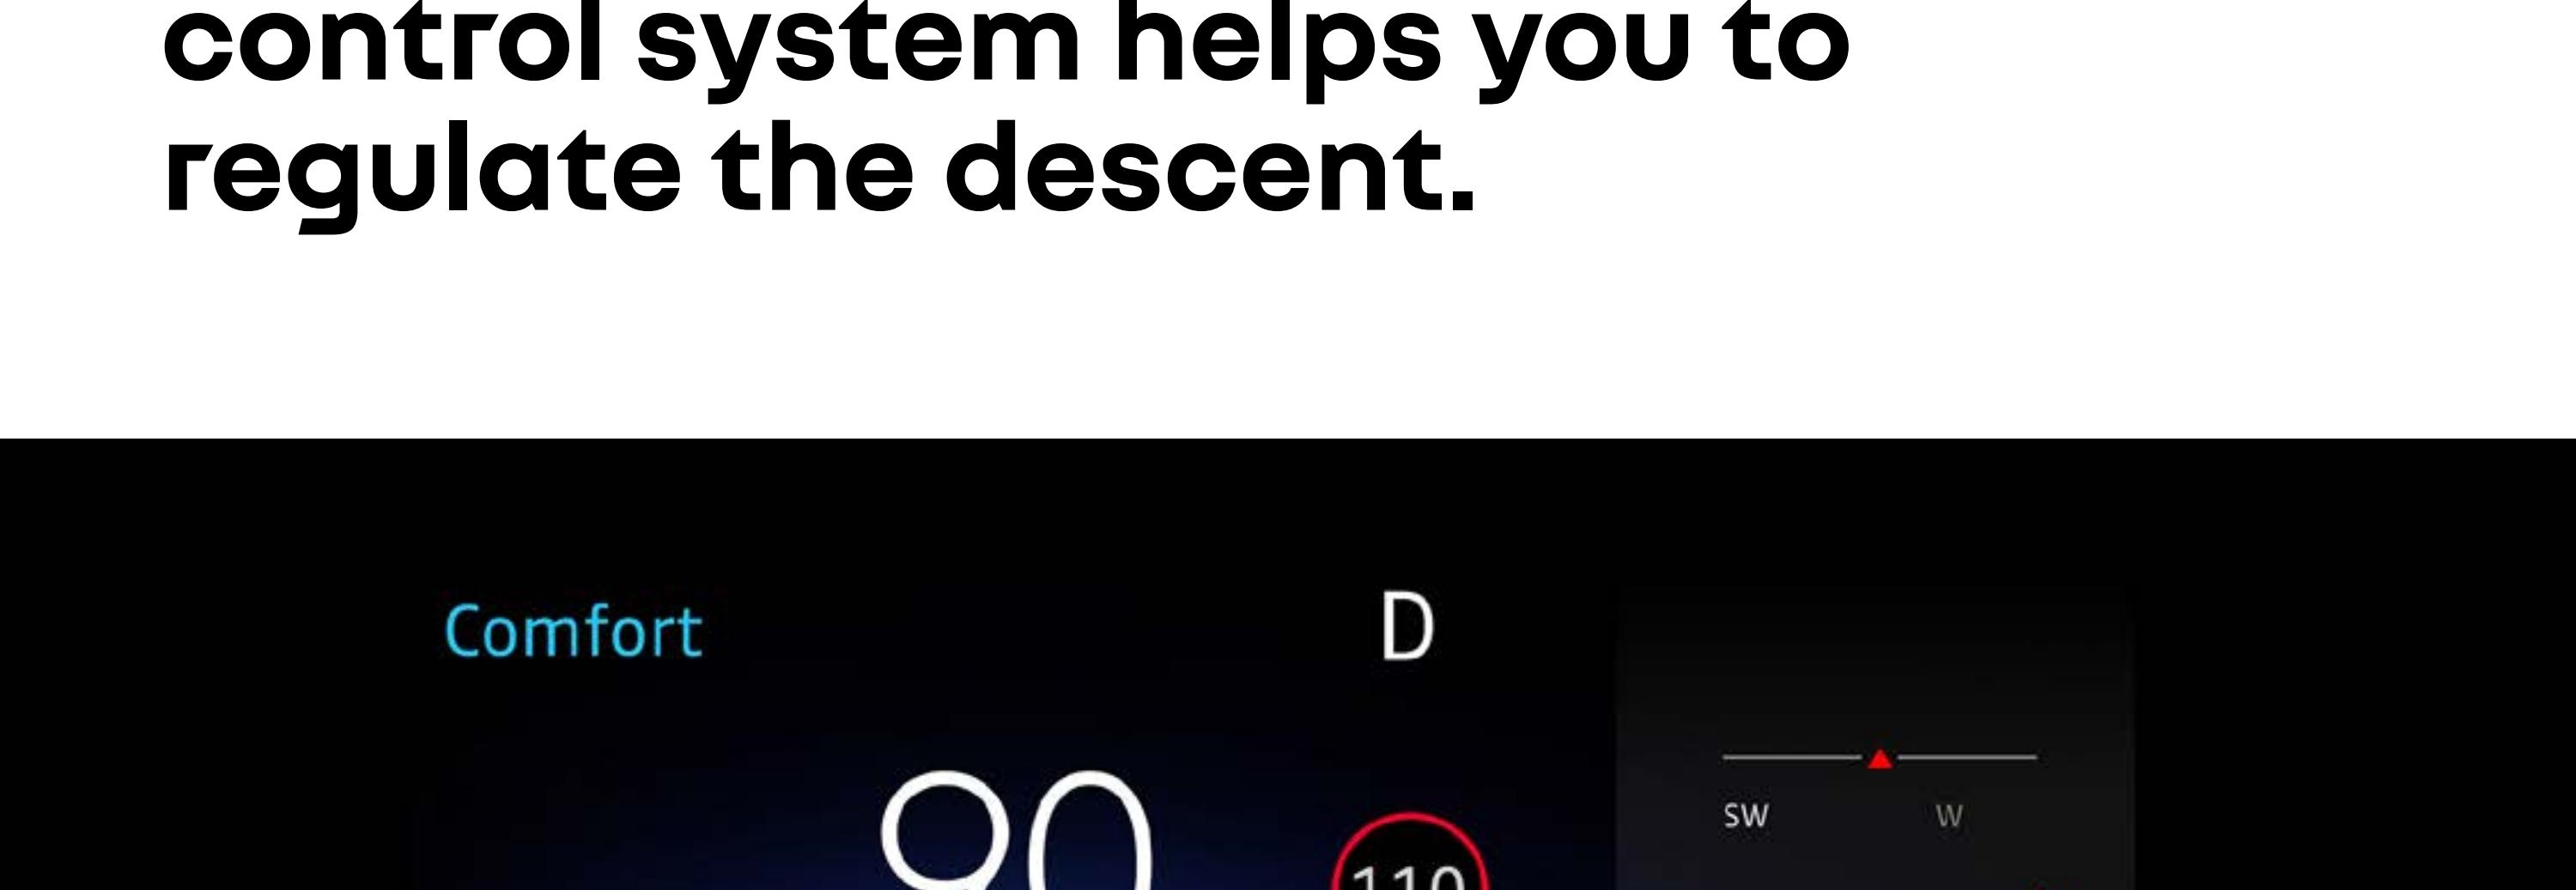

## 02. driving experience

# off-road performance

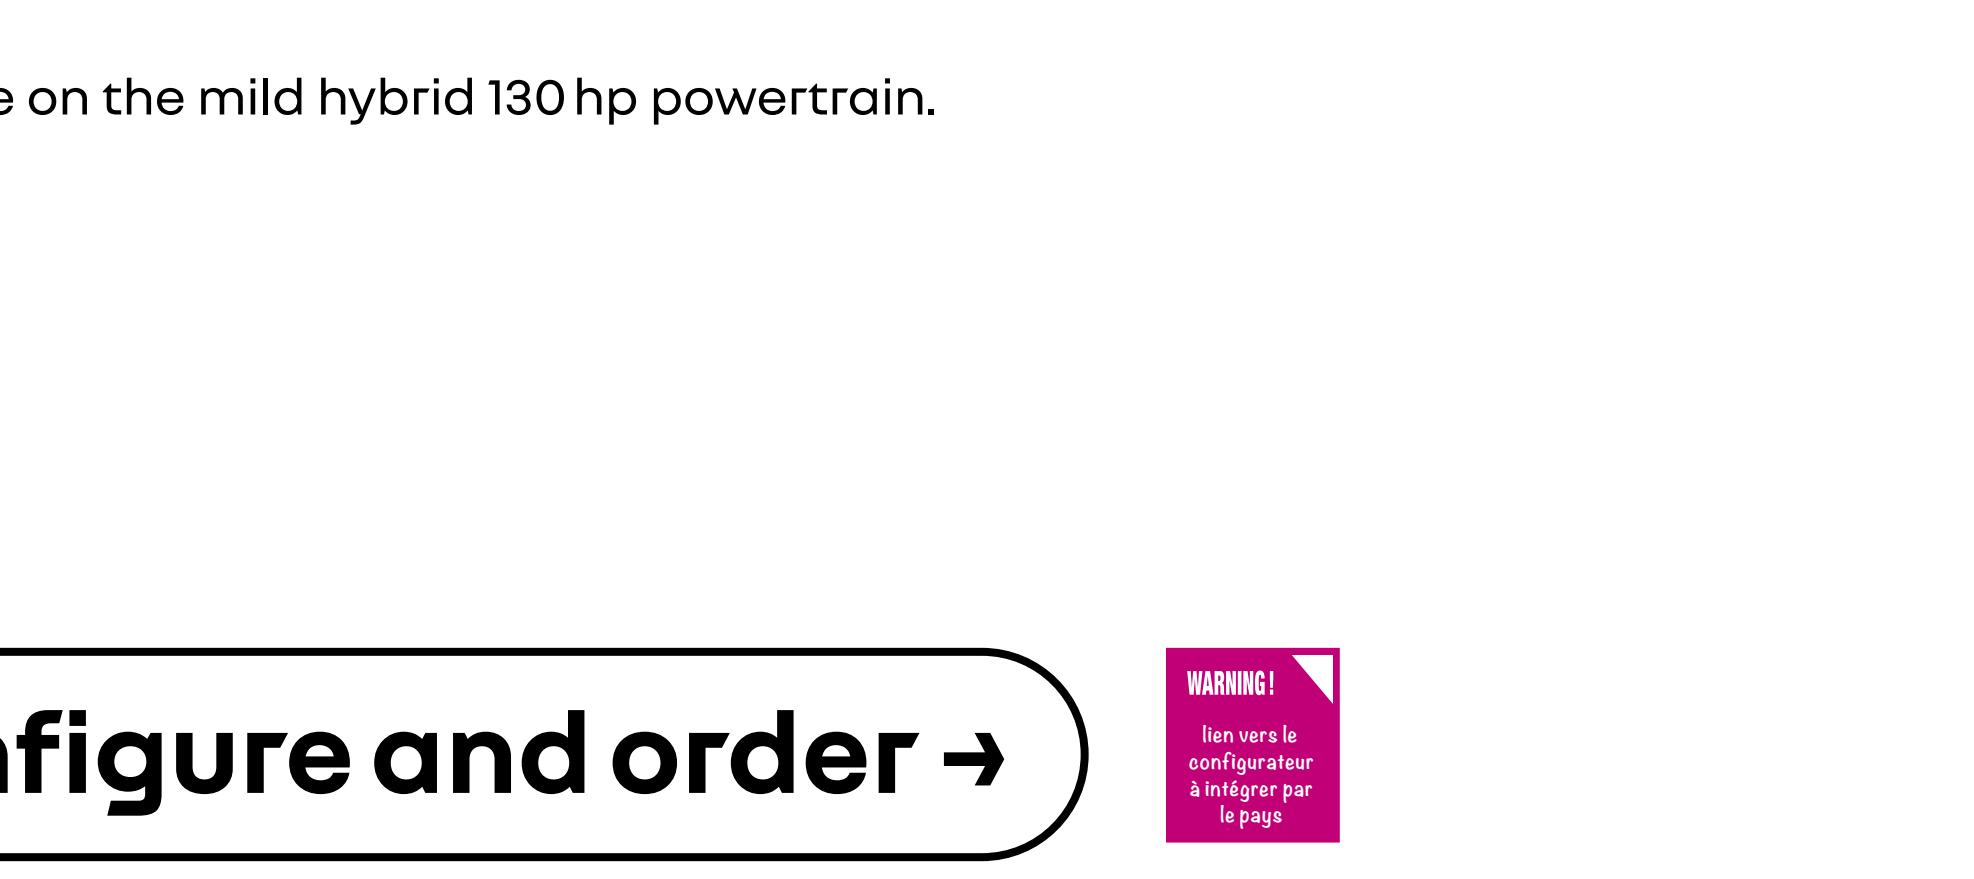

In the 4x4 version<sup>(1)</sup>, new Renault Duster is equipped with a 5-mode selector to control off-road driving at the twist of a hand. Remarkable crossing capabilities with its ground clearance raised up to 217 mm, its attack angle of up to 31° and its anti-scratch protections. 4x4 or 4x2, choose your type of experience.

On the 4x4 version, choose from 5 driving modes: auto, eco, mud & sand, snow and off-road to experience new Renault Duster's all-terrain capabilities.

In extreme conditions, the 4x4 monitor allows you to adjust your driving by displaying essential information such as compass, altimeter or roll angle. A speed control system helps you to regulate the descent.

(1) available on the mild hybrid 130 hp powertrain.

## advanced technology

**Connect to a digital life entirely at your service thanks to the new openR 10.1" multimedia touchscreen with wireless smartphone replication. The system is updated remotely using FOTA<sup>(1)</sup> technology. Wireless smartphone charging for continuous connected mobility.**

**The 7" digital colour cluster displays driving information and you can continue the experience with the My Renault application on your smartphone, that allows you to manage your vehicle remotely: geolocation, access to Renault advisors for assistance and more.**

**All the driving information you need at a glance on the 7" digital colour cluster, authorised speeds, charge level and E-Tech full hybrid data or 4x4 information such as pitch angle, compass and more.**

**Every day, enjoy real pleasure with wireless smartphone replication, compatible with Android Auto™ and Apple CarPlay™, to experience connected services and your personalised apps on the touchscreen of your SUV.**

#### 04. roominess

## change of dimension

**Enlarged and well-sized, the space cares for the comfort of the driver as well as the passengers who have a knee clearance of 204 mm at the rear. With its large boot, modularity, and YouClip fastening system, new Renault Duster puts you perfectly at ease.**

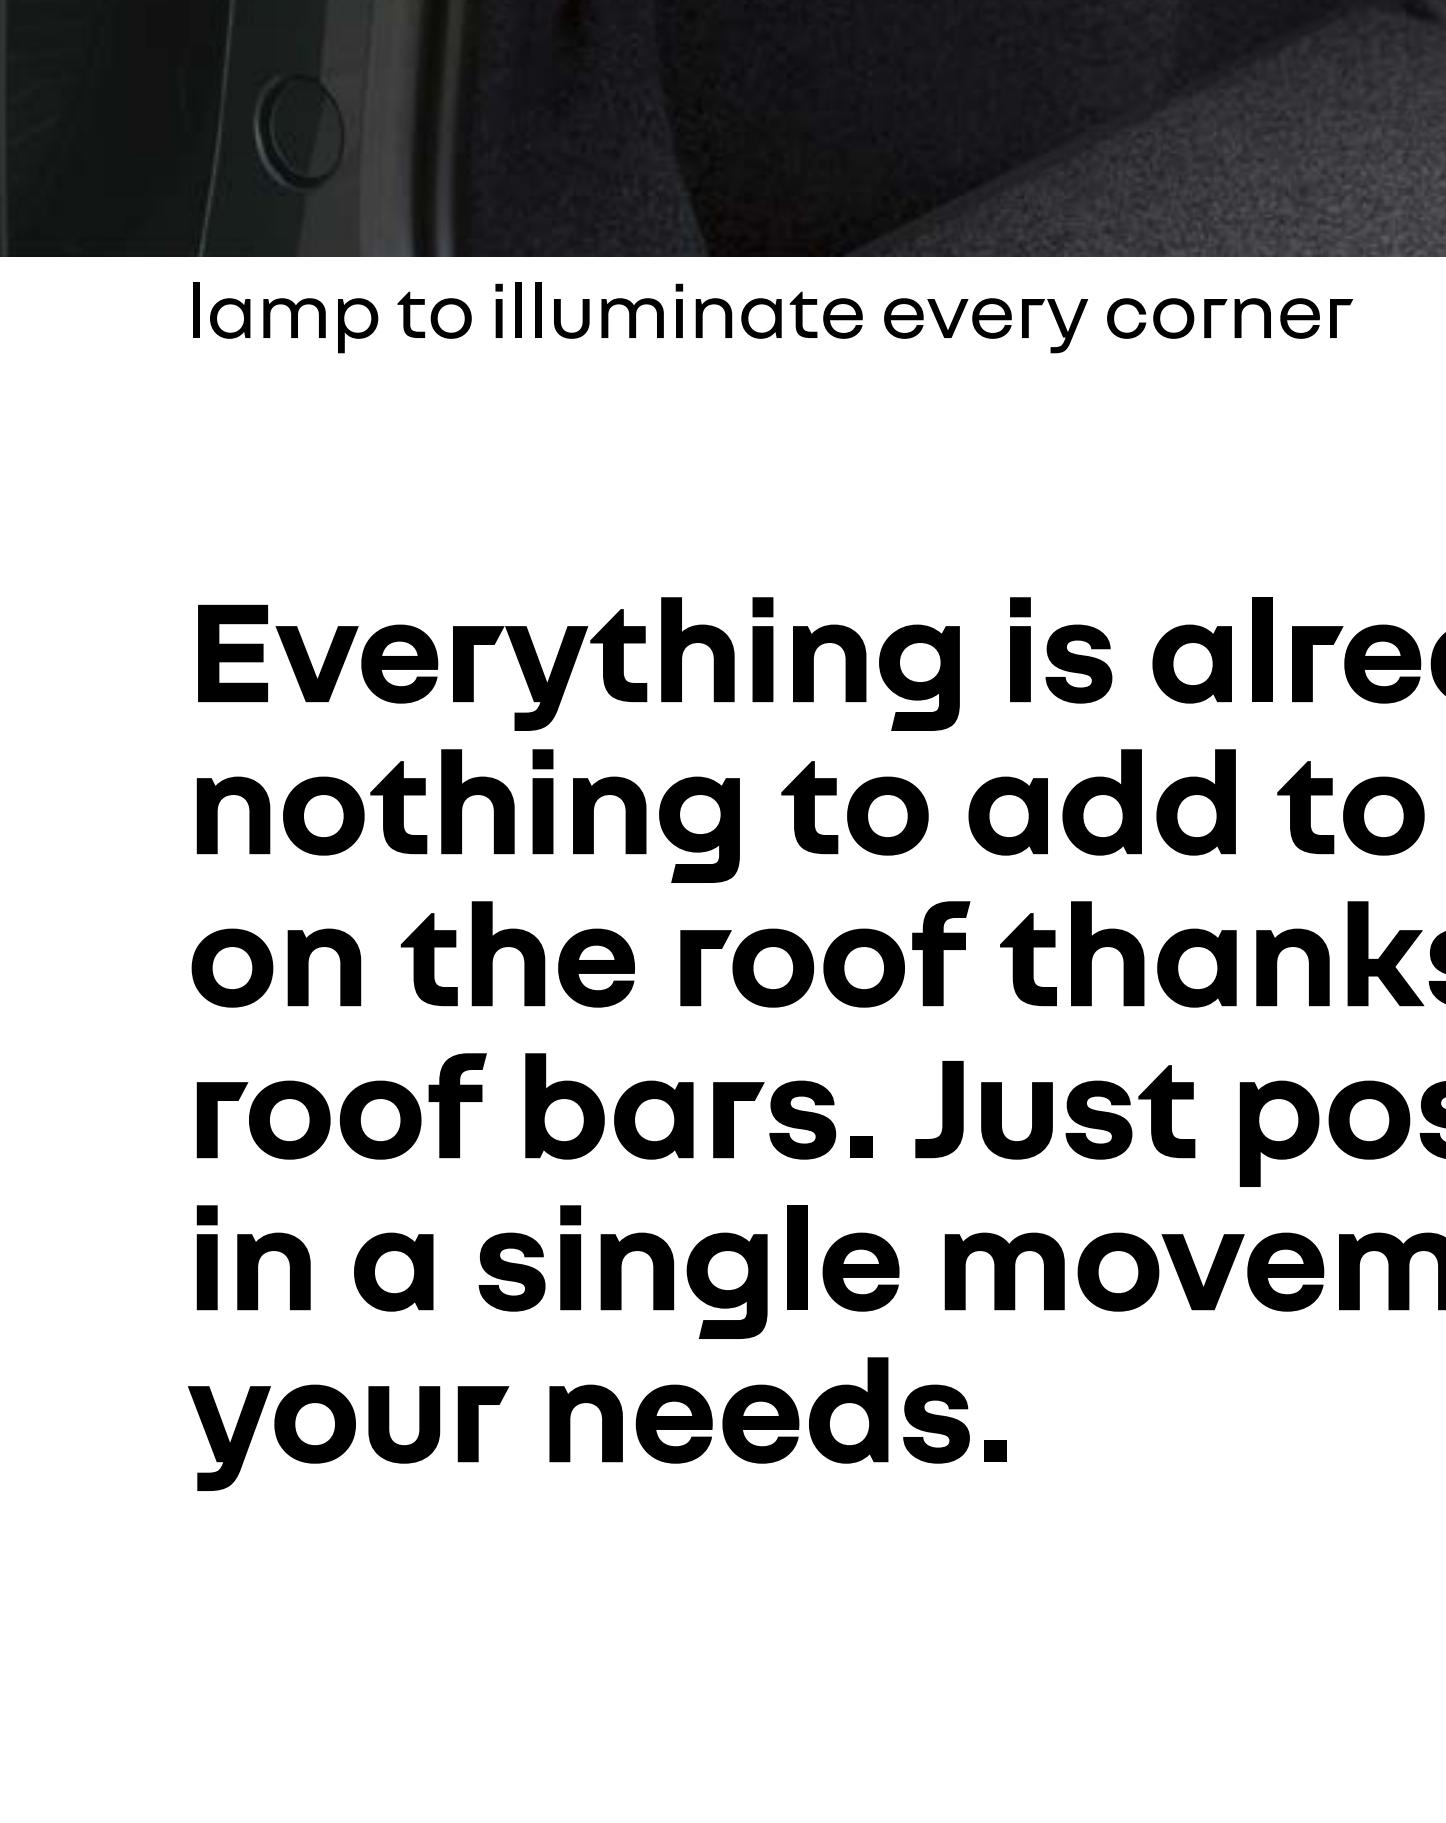

**The generous and versatile trunk offers a capacity of 594 liters to 1,696 liters once the 60/40 rear bench is folded down. Very accessible, its wide opening makes daily loading easy and simplifies travel departures.**

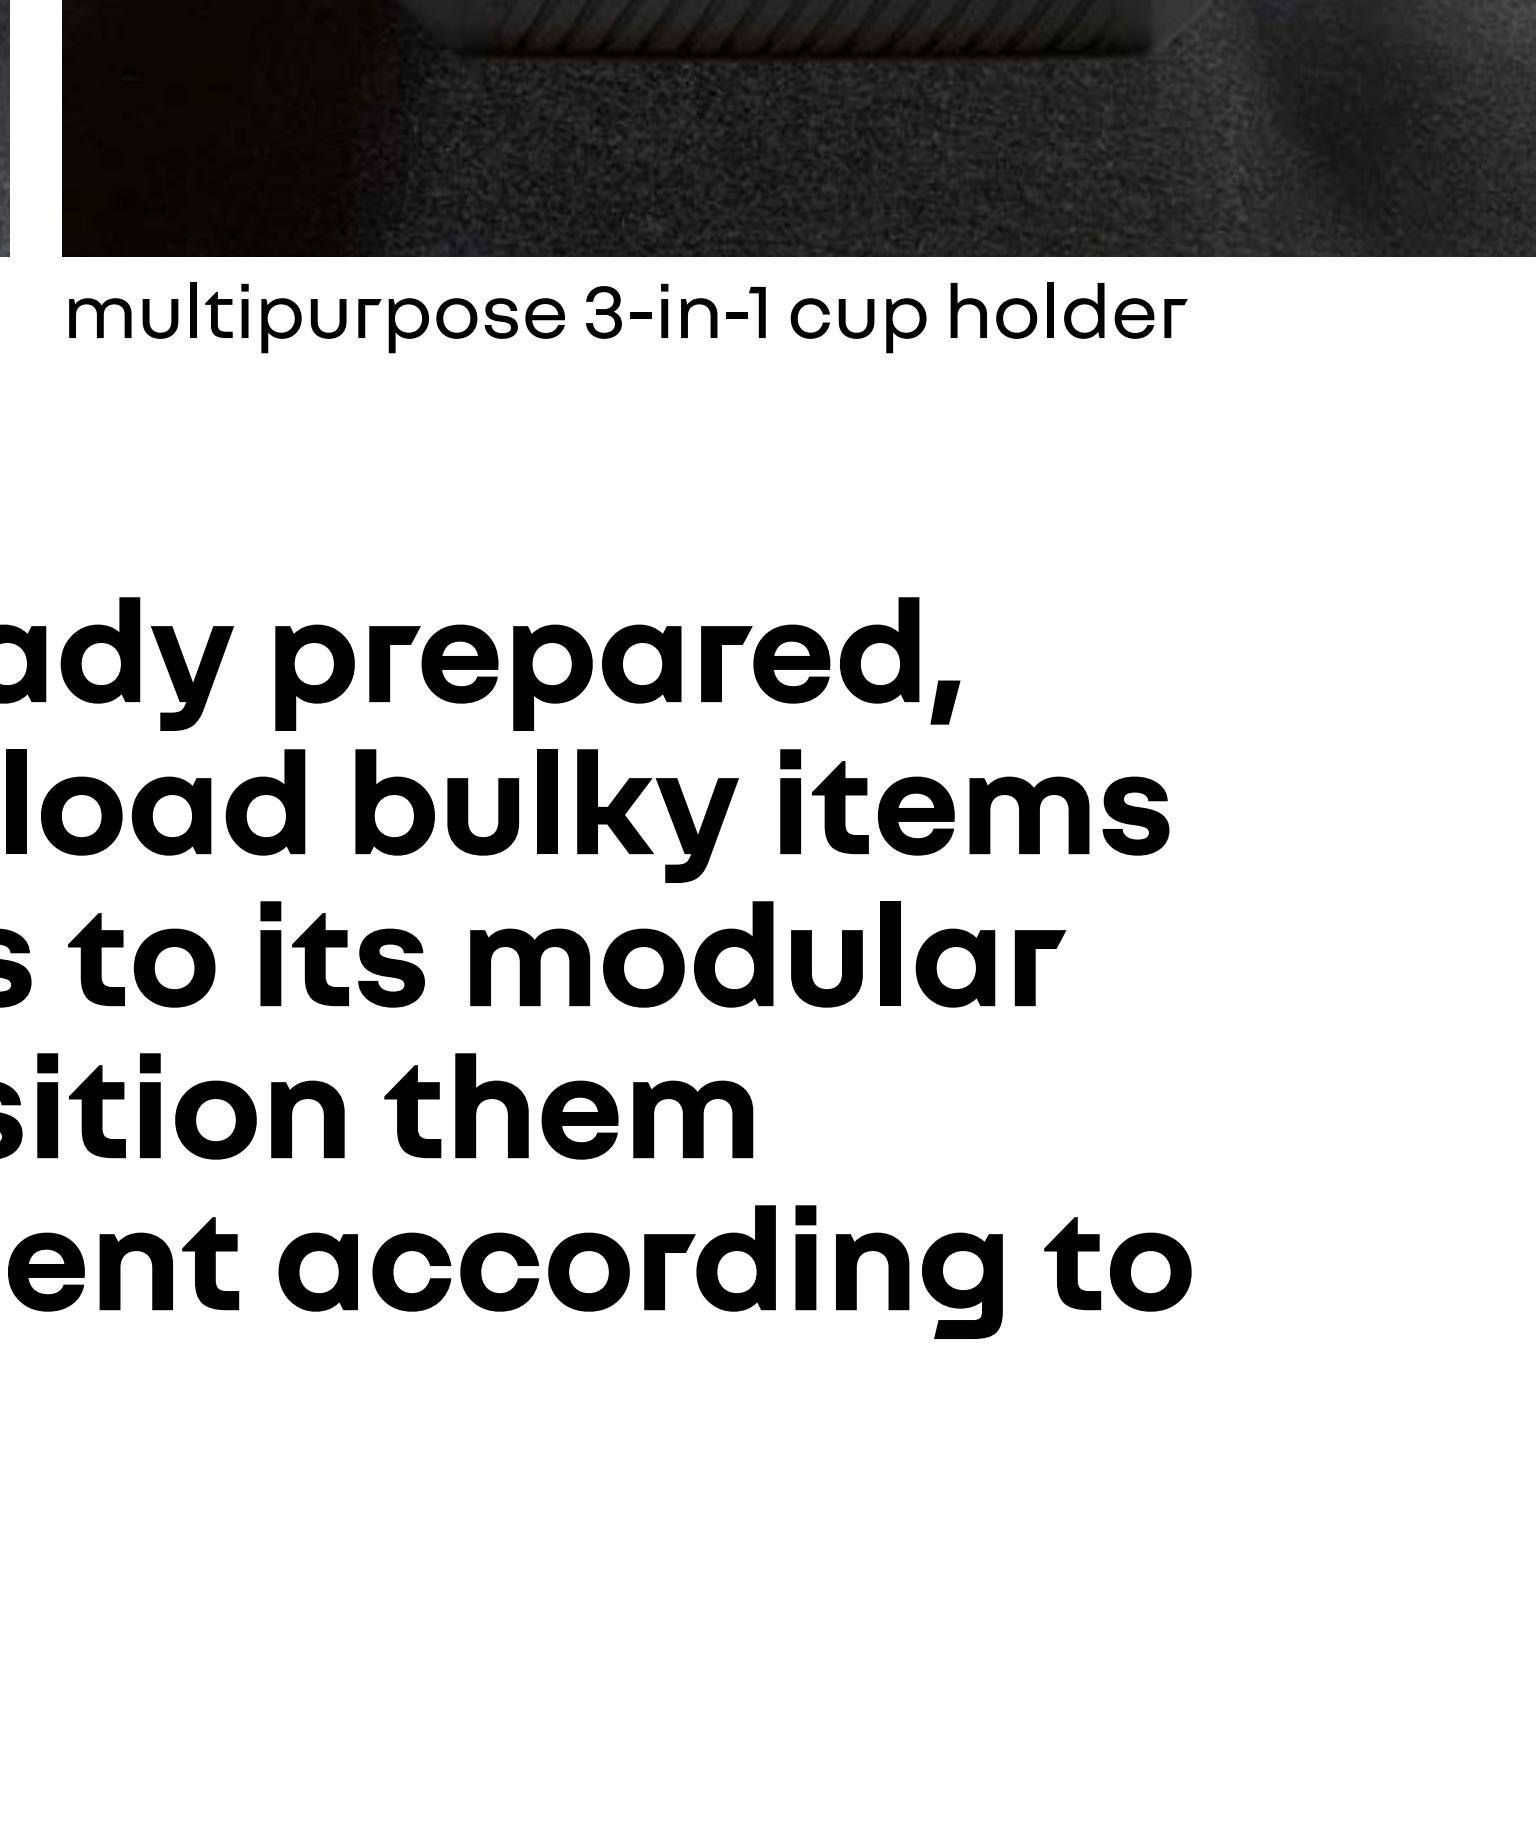

**The YouClip system innovation with 6 to 8 anchor points distributed from the front to the boot, allows you to securely attach various items throughout the vehicle. With the smart 3-in-1 system, you have in a single object a light, a cup holder, and a hook for your bag or cap.**

up to 8 YouClip anchor points

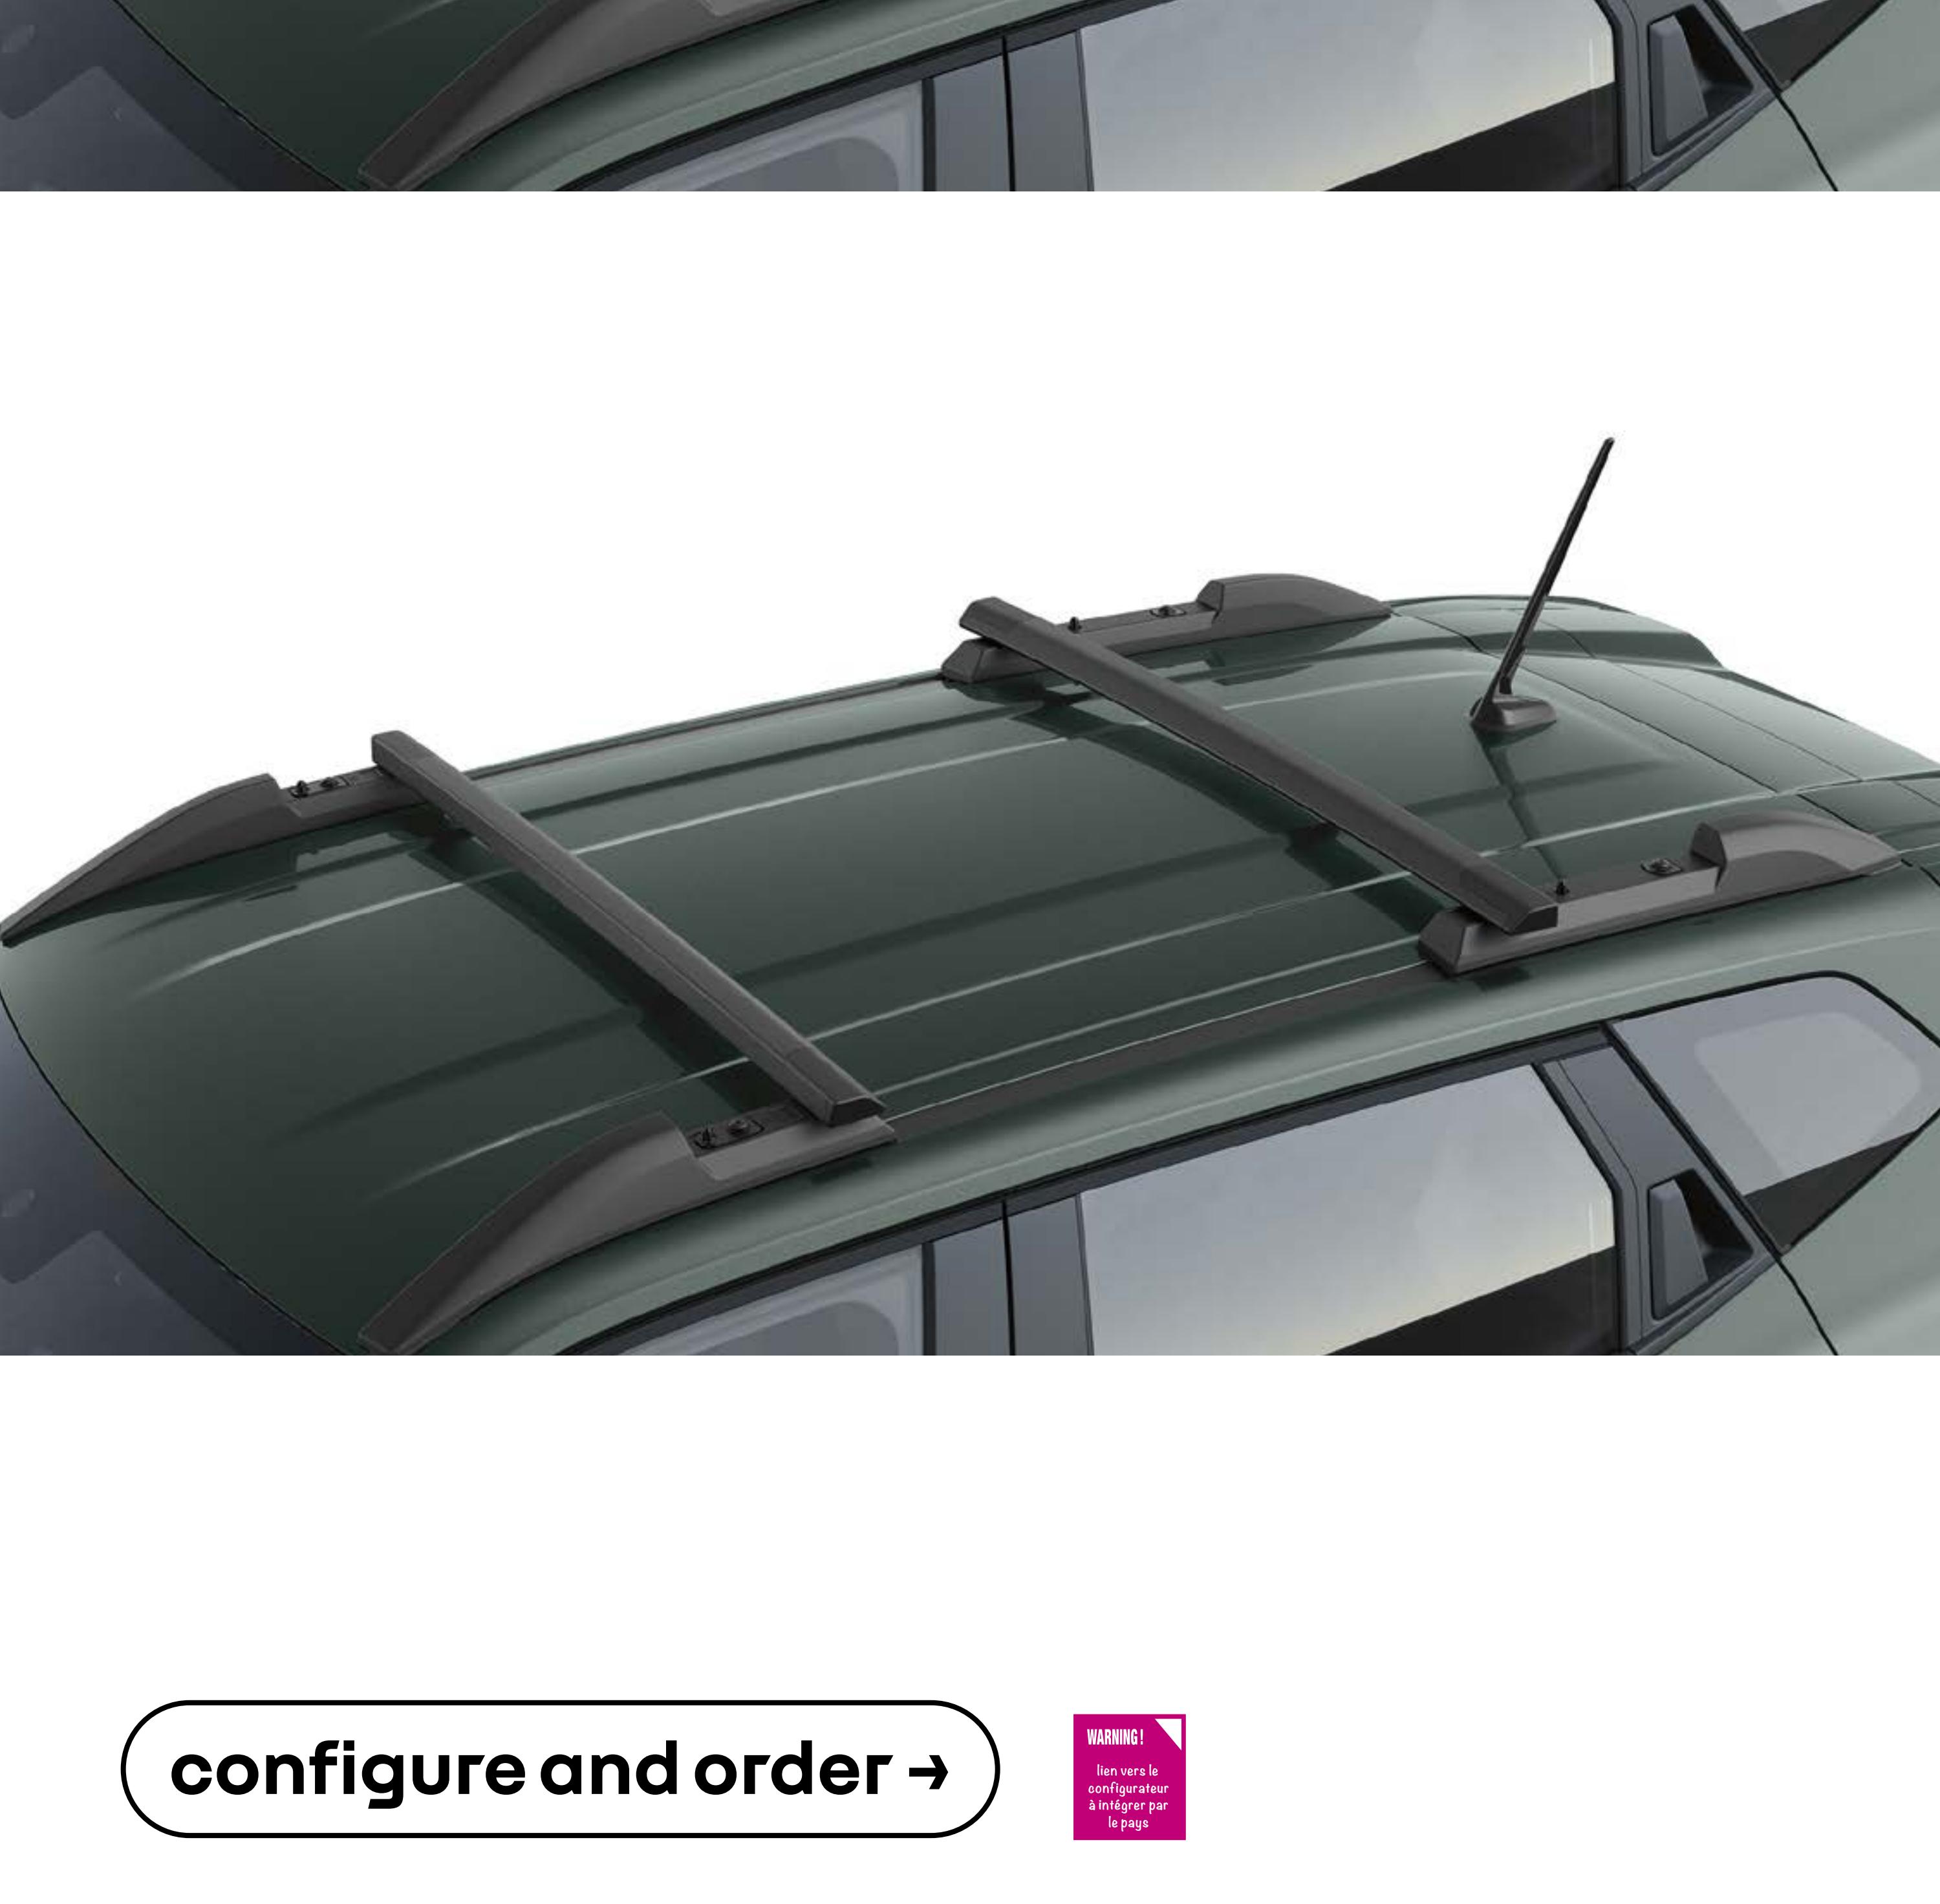

lamp to illuminate every corner

multipurpose 3-in-1 cup holder

**Everything is already prepared, nothing to add to load bulky items on the roof thanks to its modular roof bars. Just position them in a single movement according to your needs.**

## 05. advanced driving assistance systems

# up to 17 advanced driver-assistance systems

### multiview camera

Get a specific view for easy maneuvering. New Renault Duster is fitted with 4 cameras to give you a view of everything around your vehicle.

### lane departure warning

The system analyses the driver's behavior through steering wheel movements in particular, and a visual and audible message on the dashboard which prompts the driver react.

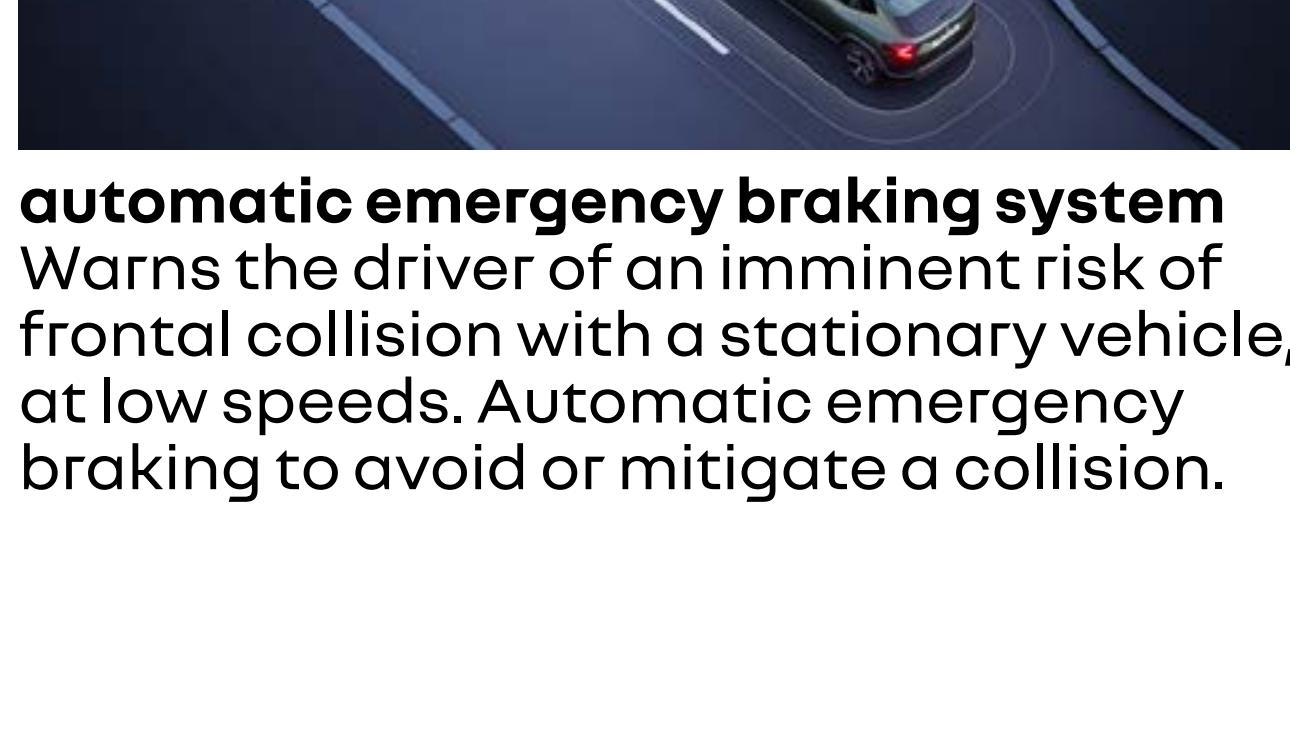

### distance warning

The front radar calculates safety distances and triggers an audible and visual warning if there is a risk of collision. It also applies the brakes if the driver fails to react.

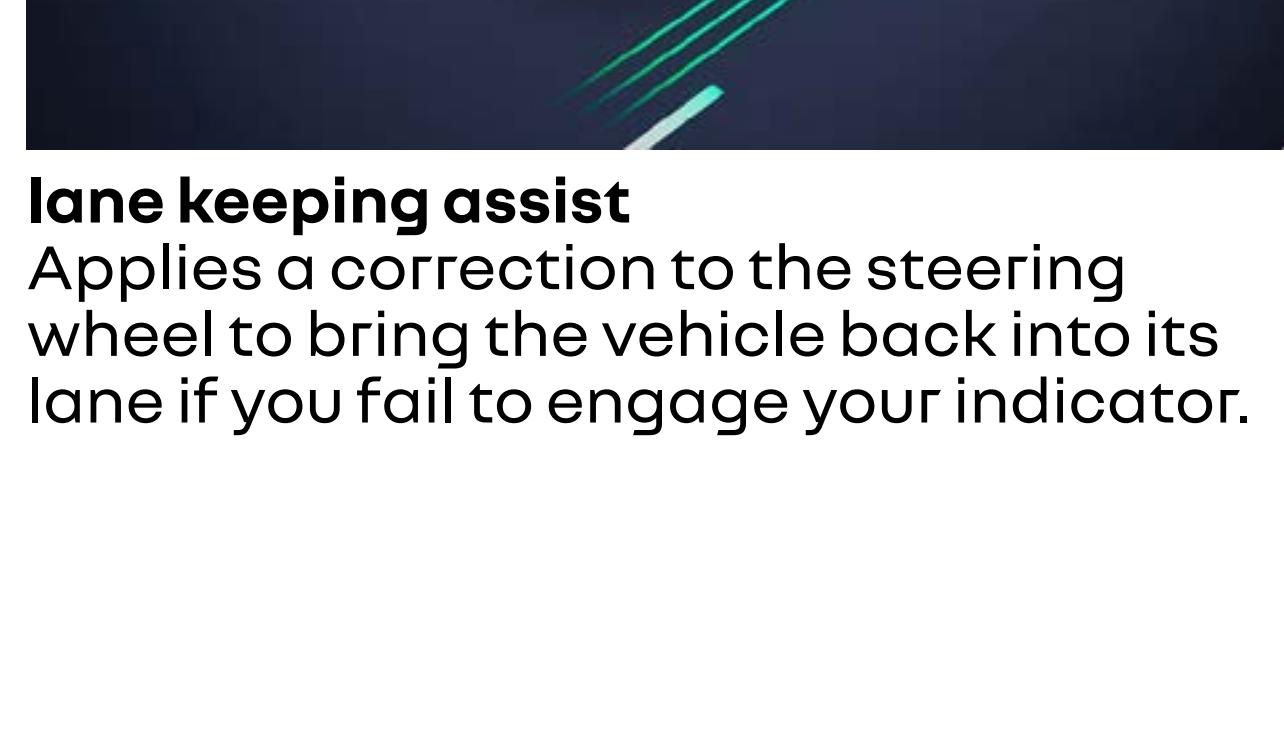

### traffic sign recognition

The system uses the front camera, combined with connected map data, to identify the current speed limit. The speed limit is displayed on the vehicle's instrument panel.

### automatic emergency braking system

Warns the driver of an imminent risk of frontal collision with a stationary vehicle, at low speeds. Automatic emergency braking to avoid or mitigate a collision.

### lane keeping assist

Applies a correction to the steering wheel to bring the vehicle back into its lane if you fail to engage your indicator.

### driving assistance

- adaptive cruise control<sup>(1)</sup>
- automatic high/low beam
- cruise control & speed limiter
- distance warning
- hill start assist
- hill descend control
- lane keeping assist
- over speed prevention

### parking assistance

- front & side parking assist
- multiview camera
- rear parking assist
- rear view camera

### security assistance

- automatic emergency braking system
- blind spot warning
- driver attention alert
- lane departure warning
- traffic sign recognition

(1) available mid 2025.

## 06. customisation

# accessories

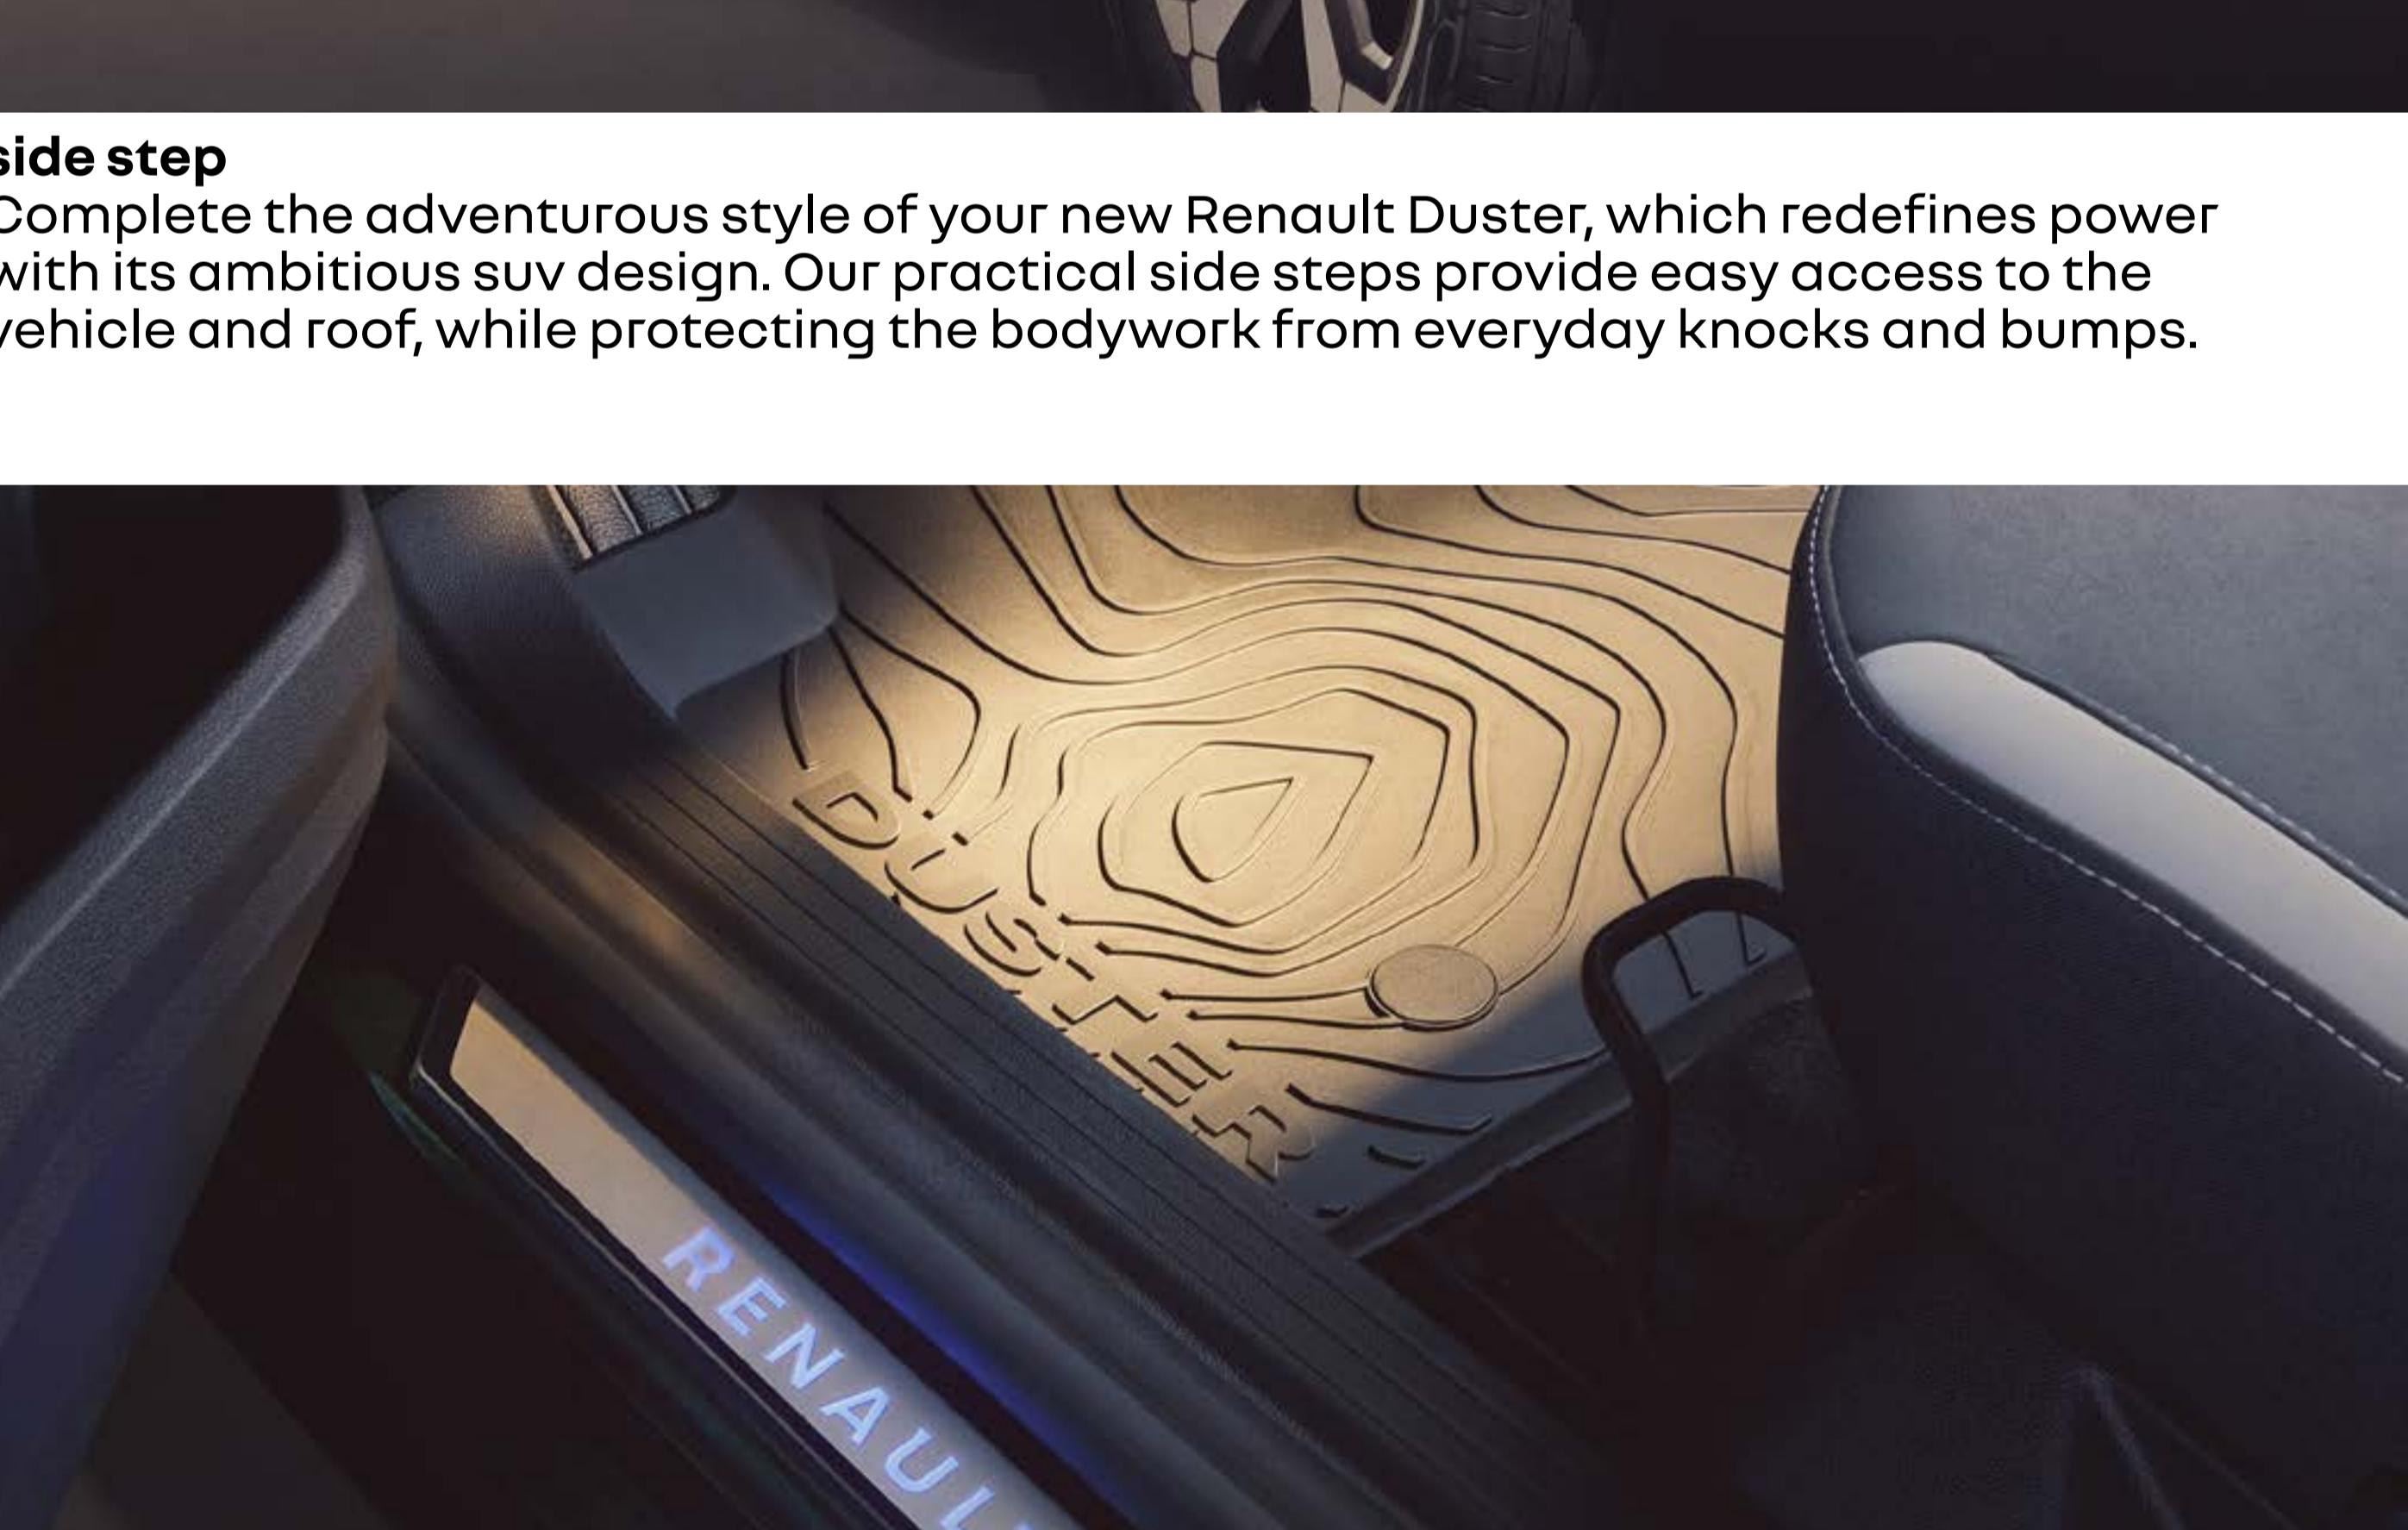

### shark antenna

Enhance the look of your vehicle with a shark antenna.

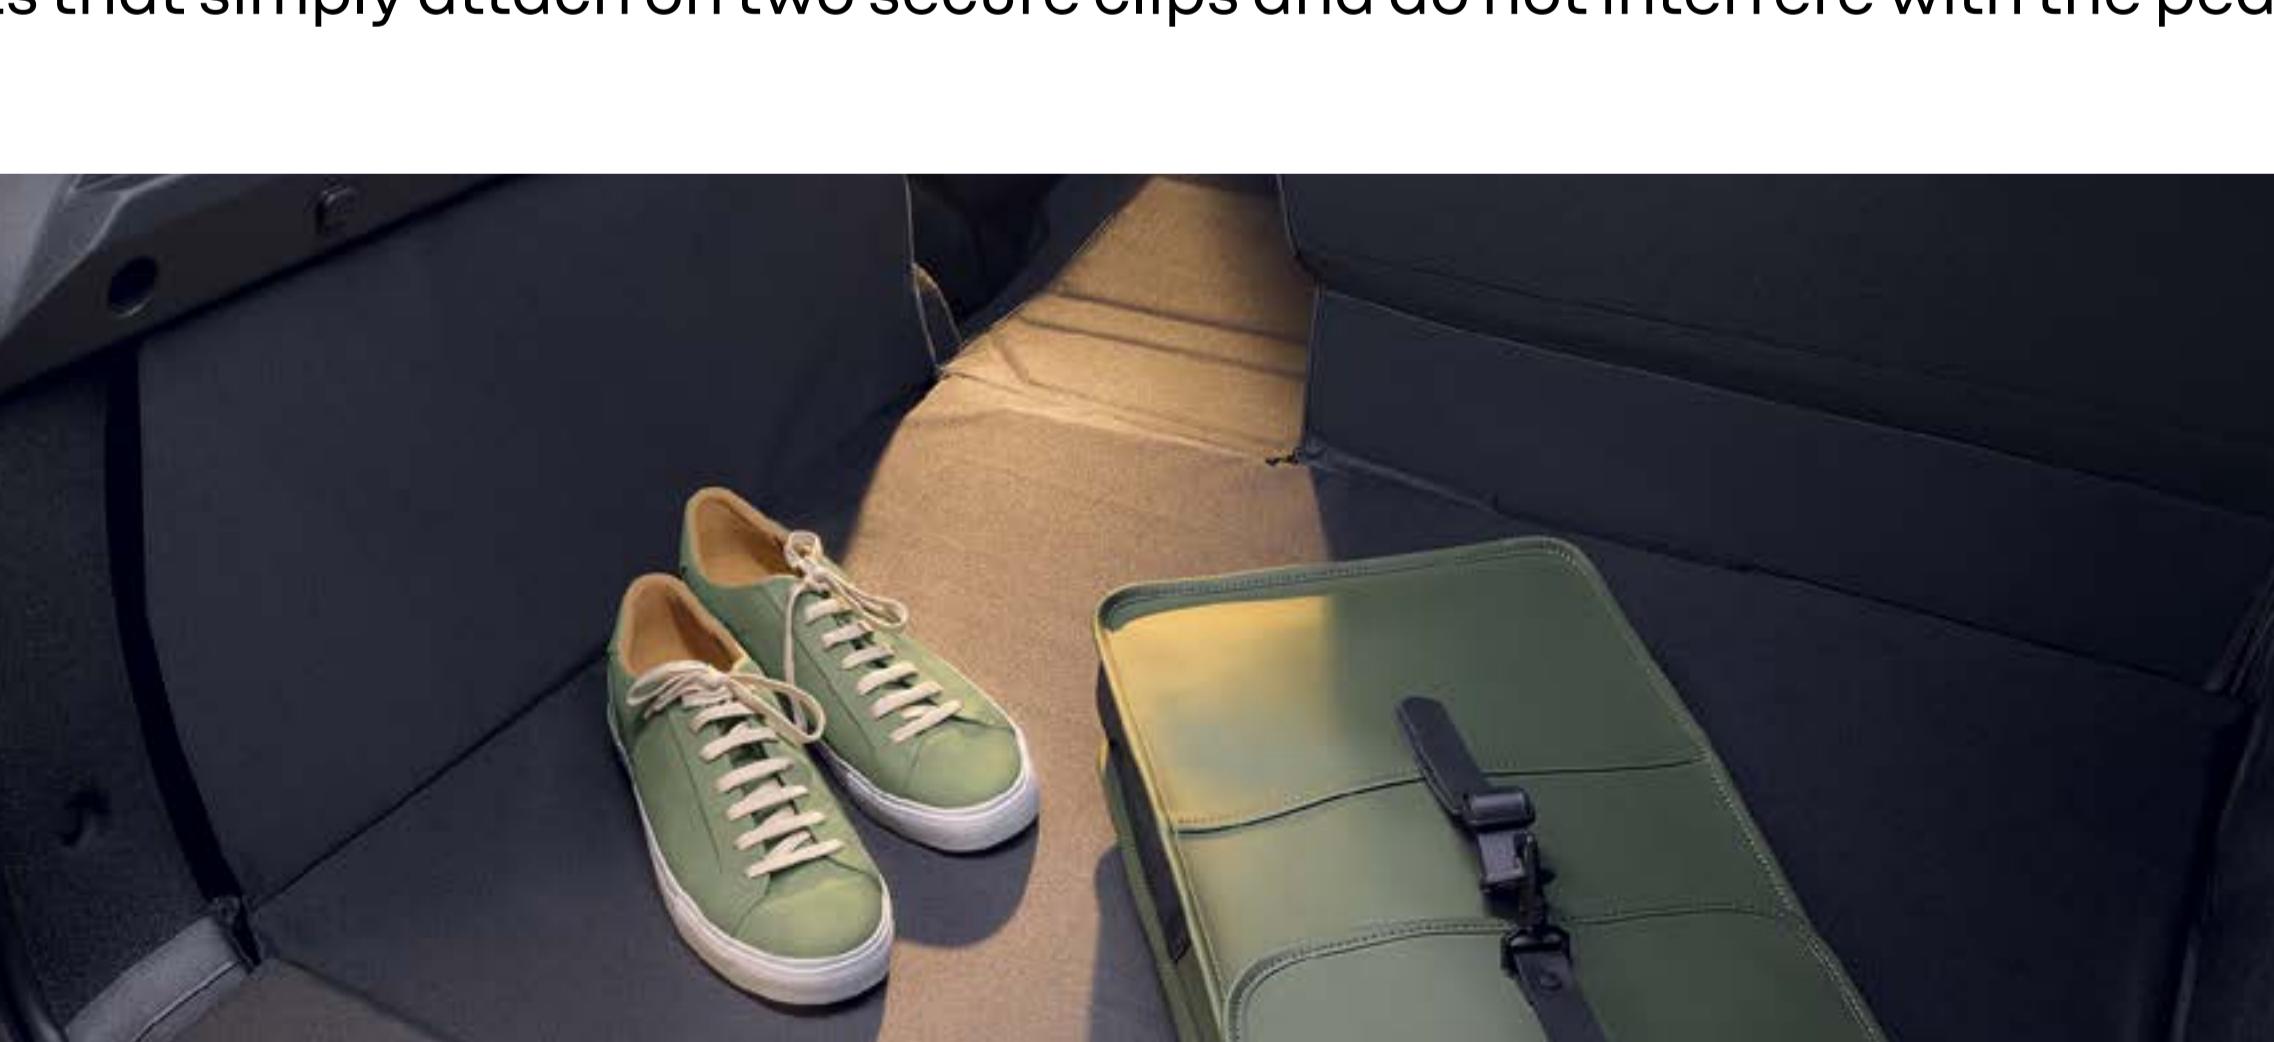

### roof box

Are you seeking additional luggage space for your next road trip? This practical and robust roof box, equipped with a central locking key, allows you to easily increase your vehicle's storage capacity by up to 380, 480 or 630 liters.

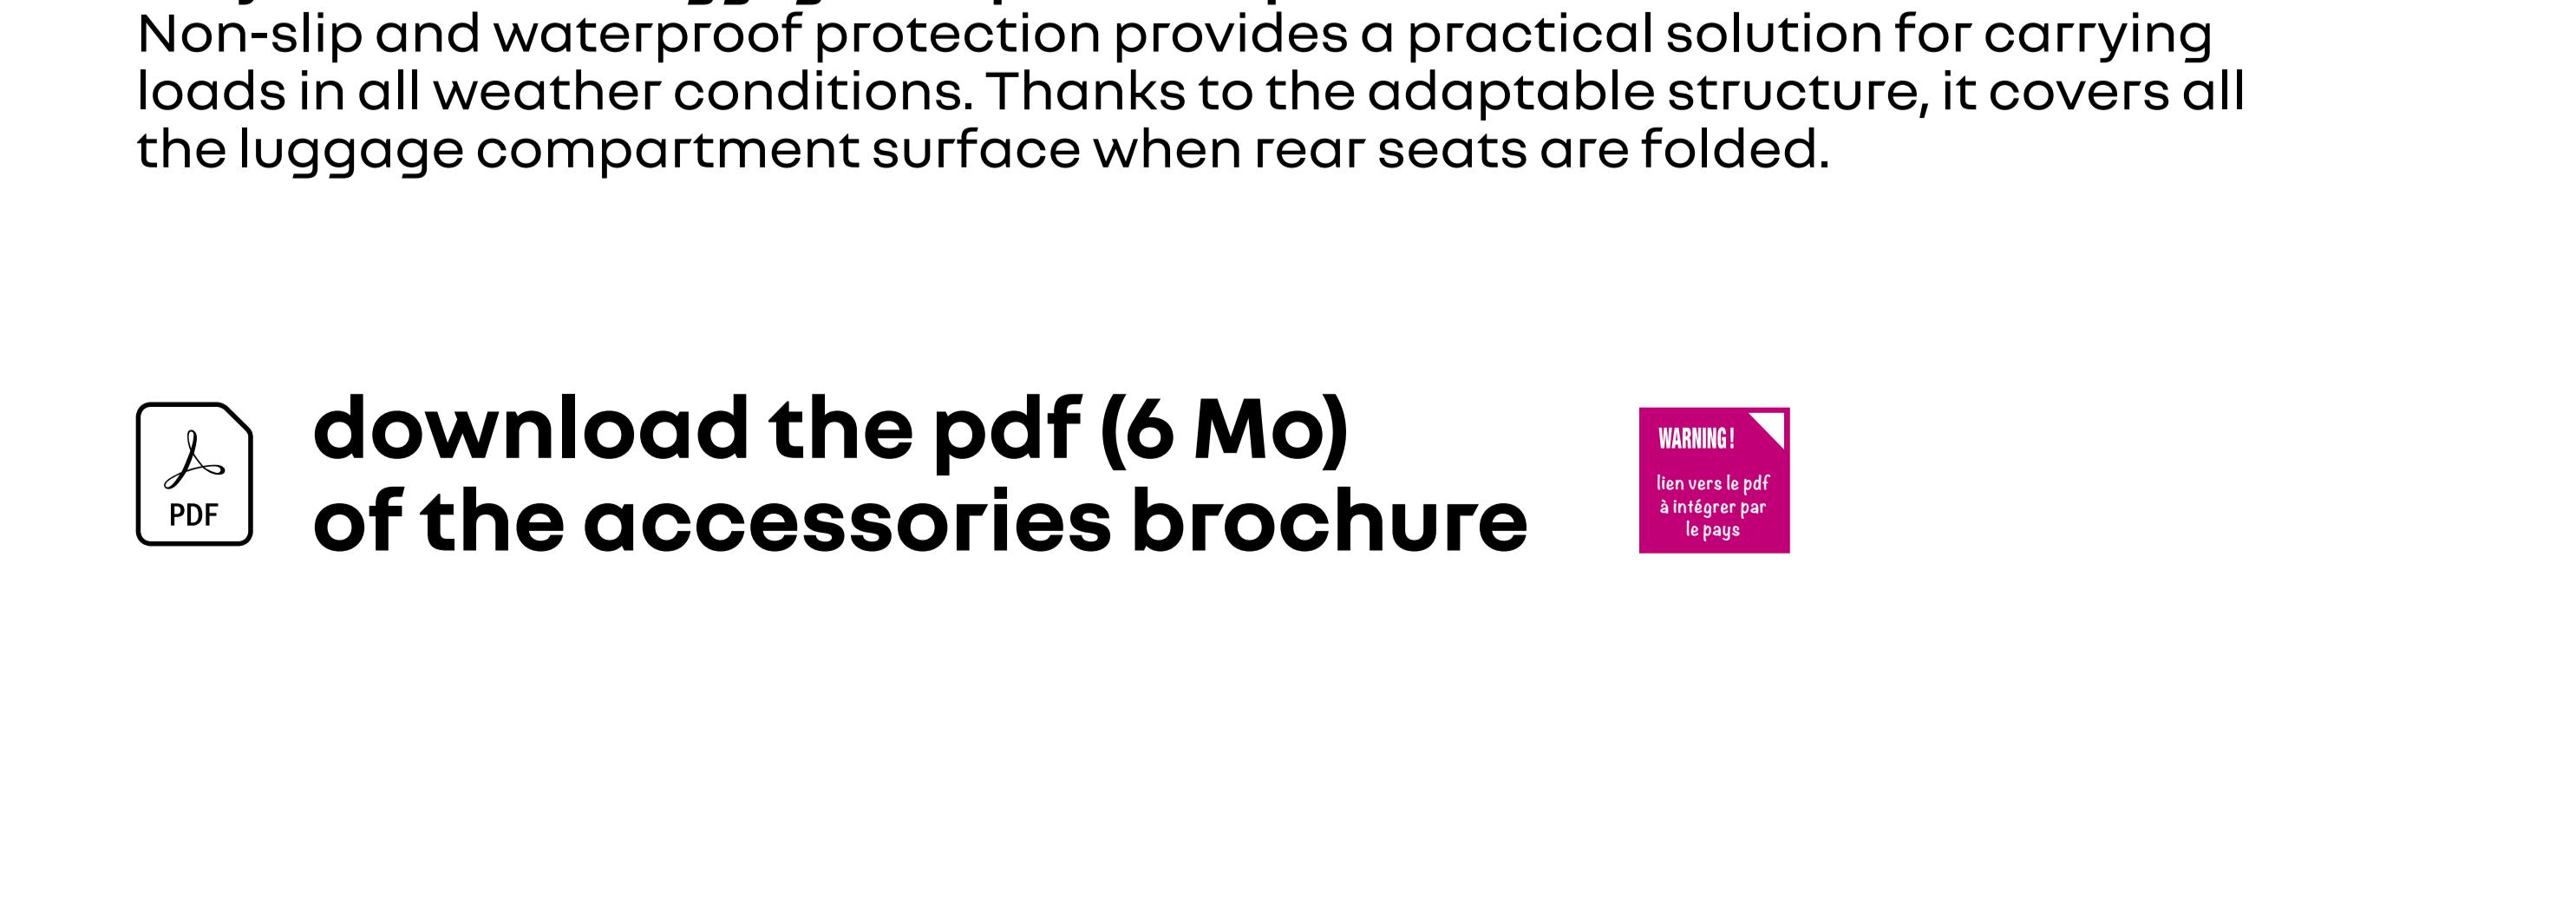

### bicycle rack for roof bar

Allows for easy and safe transportation of bicycles for the whole family without any need for adjustment.

### illuminated door sill and rubber floor mat

The Renault logo is proudly displayed on these stylish door protectors, which provide protection for the lower front doors and feature white lighting that is timed to appear when the doors are opened. Complete the package with a set of made-to-measure mats that simply attach on two secure clips and do not interfere with the pedals.

### EasyFlex modular luggage compartment protection

No-slip and waterproof protection provides a practical solution for carrying loads in all weather conditions. Thanks to the adaptable structure, it covers all the luggage compartment surface when rear seats are folded.
